# Beebug Product Updates

Masterfile III

~ for all your data handling needs

This popular database has now been improved to include several features requested by our users. Most importantly Masterfile can now send control codes directly to your printer allowing you to use the full potential of your printer's capabilities without the time penalty involved in using outline fonts. Other new features include:

q   Printing multiple copies of a report.
q   Print record in the format of a report.
q   Goto record.
q   Find data within specified fields.
q   Copy record.
q   Case-sensitive indices.
q   Editable indices.
q   NOT operator for subsets.

Masterfile III costs £49.00 ex VAT (£41.65 for members) plus £2.00 p&p
Upgrade from v1.29 or earlier £5.00 ex VAT plus £1.00 p&p

TypeStudio

~ the font effects package

TypeStudio, the best-selling font effects package, has had its user interface improved to aid users in producing top quality graphics for use in their favourite DTP application. New features include:

q   Keypresses for all common operations.
q   Effect options grouped onto single dialogue boxes.

New low price !!!

TypeStudio costs £29.00 ex VAT (£24.65 for members) plus £2.00 p&p
To upgrade from v1.15 or earlier return your original disc with a S.A.E.
