[illegible]

By answering the questions, this template will fill out the registration form for you and can print it on your printer or make an ascii file out of it. When prompted to enter some date see where the cell pointer is so you will be able to understand the context into which you will be entering data. Press <CR> if you wish to blank out that context area (ie if you don't have any comments or suggestions just press <CR>).

Dear Sir:

This is to inform you that I wish to become a registered user
of 123Shell. Enclosed you will find my donation to help further
the development of 123Shell and other products like it.

I found out about your product from a

I use 123Shell primarily for:

[__1st line of comment or suggestion or question_____]]
[__2nd line of comment or suggestion or question_____]]

I'm using 123Shell on this:

[__1st line of system description__<please be specific>__]
[__2nd line of system description__<about peripherals>__]
[__3rd line of system description__<and memory etc>_____]

[4th line of system description_____]
[5th line of system description_____]

Sincerely,

[your first & last name_____]
