Power Windows is on a worksheet named AUTO123.WK1 containing macros.
The installation program will copy AUTO123.WK1 to the 1-2-3 directory.
This worksheet will load automatically when you start Lotus 1-2-3.
(if this does not happen, review USING POWER WINDOWS below.
AUTO123.WK1 does not take much disk space (about 11k bytes).

Power Windows is a macro contained on the Lotus 1-2-3 worksheet AUTO123. The macro should execute immediately upon retrieval of this worksheet. (If not, type `"/ W(orksheet) G(lobal) D(efault) A(utoexec) Y(es)"`). Once the macro begins, you will see a display of your directory items. The list of directory items appears on the left side window.

Press the ENTER key on a worksheet name and the file menu will pop up. The file menu can retrieve, delete, view, or create a blank worksheet. Warning: Be careful with the delete option, there is NO confirmation. The view option gives a quick snapshot of the worksheet selected.
