

```
*---A macro to set the system time and date
*---Use the /Range Name Label Right {End} {Down} <ENTER> to define the
    range names in this column (starts with the \Z macro name)
*---Hold the <ALT> key and press <Z> to activate the macro
*---The macro creates a batch file TEMP.BAT to update the date and time
    and deletes it later

!                               * * * FOR LOTUS 3.0 AND UP * * *
