

### **RateClock 2.2 registration**

\*note: send in this form even if you have decided not to pay, I would like to hear from as many people as possible, just to get a feel for what I should do next. I NEED your Compuserve address if you want to get the latest version. If you are not on Compuserve, give me an internet address or something, because I'm not financially able to send disks through snail mail...yet.

\*\* One more note, there is a chance that you MAY be able to register this program online and therefore not have to send me anything. See the description of this program in the forum that you got it from for more details.

Name: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_

State or Province: \_\_\_\_\_

Country: \_\_\_\_\_

(all address information is optional)

CompuServe address: \_\_\_\_\_

Have you already registered a previous version of RateClock? \_\_\_\_\_

Type of computer: \_\_\_\_\_

What do you use your computer for? \_\_\_\_\_

\_\_\_\_\_

Comments, questions, bugs, or suggestions: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

#### **Registration Costs:**

Registration is \$5.00. Registered users will get at least another version of RateClock (?? RateClock Professional??) and maybe more, depending on my programming progress.

Make all checks payable to: Andrew LeMay

Send registration info to: Andy LeMay

P. O. Box 131841

St. Paul MN 55113

Thanks again!
