1) What is a display Theme

The IDT - ICCD Display Theme - is a new technology that allows you to change your ICCD Display. It changes the "look" of the command buttons, the LCD Display, the grid, and the icons.

2) How to Deinstall it

Just remove the file with the *.IDT extension from the \WINDOWS\ICCD directory.

3) What do I need to make it work

To use this theme, you need:

- a **registered version of ICCD 3.3 or above.**

To register, send \$10 or 50 French Francs in cash or international money order to the author:

Laurent THIRY
"Les Amaryllis"
379, chemin du Serrier supérieur
06320 La Turbie
France

or use the Regnet service for secure registration. For more information, see the help file included with ICCD.

- to select this theme in your theme list. To do so, go in the option menu, choose the "Theme" tab and then select the desired display theme.

4) Disclaimer of Warranty

THIS SOFTWARE AND THE ACCOMPANYING FILES ARE SOLD "AS IS" AND WITHOUT WARRANTIES AS TO PERFORMANCE OF MERCHANTABILITY OR ANY OTHER WARRANTIES WHETHER EXPRESSED OR IMPLIED. Because of the various hardware and software environments into which ICCD may be put, NO WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE IS OFFERED.
