Constructive comments are welcome.

This program:

Theme Weaver for Windows 95 was written to assist theme authors in the creation of MS Plus! themes. It is fairly simple, and employs a wizard style interface.

This program may be redistributed, as long as all files are intact without modifications, and **with notification to the author** of such intentions.

Original appearance of this program was made at

Bugs may be reported to the author below, but it is at his discretion to fix. There is no warranty implied or otherwise on this program.

INSTALLATION:

NOTE: This program requires the VB 5 runtime files to work. These files can be found on most bulletin boards and online services such as CompuServe and America OnLine. If you are unable to locate this file please contact the author at the internet address below and you will be provided a copy at your expense. This program must be installed on Microsoft Windows 95, it will not work on any previous versions. This program *may* work on Windows NT 4.0, but has not been tested.

If you have a previous version of Theme Weaver, uninstall the old version by following the procedures outlined below in the 'Uninstall Application' section. If you do not uninstall the old version, you will have two copies of the program on your computer.

To install Theme Weaver, unzip weaver.zip to a floppy diskette. From Windows' Start Button, choose RUN and type in the path.

Example: A:\SETUP.EXE

Theme Weaver will ask you if you want the default installation directory. If so, continue with the installation. If you wish to put Theme Weaver in another location, enter the desired path. Once the installation is complete, you can click on the Theme Weaver icon in the Start menu under McNair Software and begin using the application. If you have any comments or questions about Theme Weaver, please feel free to contact me by e-mail at the address below.

REGISTRATION:

Theme Weaver is being distributed as shareware, **it is not free software**. This means you are allowed to legally use the program for no more than 30 consecutive days after installation. Reinstallation of the program to circumvent the 30 day evaluation period is illegal and prohibited. After 30 days you must determine if you like Theme Weaver. If so, you are required to register. It is a copyright violation to continue using Theme Weaver after the 30 day trial period. It is also a copyright violation to distribute themes that have been created with an unregistered copy of Theme Weaver.

Since there are no disabled portions in the shareware version of Theme Weaver, it is up to you to be honest and register. Registration allows me to continue application development. To register, simply print and completely fill out 'Register.doc' that was included with the install files of this program. Then send it along with remittance to the address listed.

Company policy dictates that absolutely no support will be given to unregistered copies of Theme Weaver.

HISTORY:

Version 1.00 - Original program released Aug 25, 1997.
Version 1.01 - Internal error checking Sept 2, 1997.
Version 1.02 - Added options screen to registered version Sept 22, 1997.

UNINSTALL APPLICATION:

To uninstall Theme Weaver, press the Start button, then Settings, Control Panel, and Add/Remove Programs. On the Install/Uninstall tab click on the Theme Weaver entry in the window then click on the Add/Remove... button. It is recommended that you uninstall any earlier instances of Theme Weaver before the newer version is installed.

KNOWN BUGS:

- None as of yet.

LIABILITY DISCLAIMER -- READ BEFORE INSTALLING THEME WEAVER:

The author of this program and anyone associated with it will accept no responsibility for any damage caused. The **entire risk** arising out of the use or performance of this shareware product and documentation remains with you. In no event shall Steve McNair be liable for any damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or other pecuniary loss) arising out of the use of or

inability to use the products or documentation, even if Steve McNair has been advised of the possibility of such damages. **Use of this program implies agreement.**

RESTRICTIONS:

You **may not** rent, lease, or sell Theme Weaver, but you may transfer Theme Weaver and accompanying written materials on a permanent basis provided you retain no copies and the recipient agrees to the terms of this agreement. You **may not** reverse engineer, decompile, or disassemble Theme Weaver. If Theme Weaver is an update or has been updated, any transfer must include the most recent update and all prior versions.
