

The image shows a graphical user interface for a Lotus 1-2-3 CD-ROM. On the left, a purple rectangle contains the word "Lotus" in a white serif font. To the right of this rectangle is a large, semi-transparent image of a CD-ROM. Overlaid on the left side of the CD-ROM are five horizontal purple buttons with white text. The buttons are stacked vertically and contain the following text from top to bottom: "User's Guide", "Solver Guide", "DataLens Drivers for 1-2-3", "Quick Start for 1-2-3 Upgraders", and "Adobe Type Manager User Guide". Below the buttons, there is a line of small black text that reads "To open a book, click its title".
