

# How to order PhotoLib® Photographs

## Overview

Over 8000 PhotoLib® Images are available on various CDs in different formats:

PhotoLib® Volume 1 and 2 CDs contain each over 4000 images in medium resolution (1 MB file size) format. These CDs give you a vast choice and provide you with the capability to use the images in multimedia, presentations, DTP printing and full color printing in small format.

Once you have browsed the PhotoLib® Library and selected images for large format printing you will require these images in high-resolution format. High-resolution images can be ordered in various formats:

1. Special Theme CDs contain preselected images covering certain themes.
2. PhotoLib® Portfolio CDs are manufactured to your order with exactly those images you require.
3. PhotoLib® Images on Diskette.

## PhotoLib Special Theme CDs

There are a number of Collections on CD - Special Theme CDs:

These Special Theme CDs contain a selected number of photographs in high resolution. The corresponding low resolution images on the PhotoLib Volume 1 CD have keywords indicating on which Special Theme CD they are included.

PLB	<b>Design Backgrounds</b> Contains over 400 images. 2920 x 1940 pixels in JPEG format.
PLC	<b>Computing</b> Contains over 400 images. 2920 x 1940 pixels in JPEG format.
PLT1	<b>Travel 1</b> Contains over 400 images. 2920 x 1940 pixels in JPEG format.
PLT2	<b>Travel 2</b> Contains over 400 images. 2920 x 1940 pixels in JPEG format.
PLPA	<b>Plants and Animals</b> Contains over 400 images. 2920 x 1940 pixels in JPEG format.
PD1	<b>Business and Industry</b> Contains over 400 images. 1900 x 1300 pixels in JPEG format.
PD2	<b>People and Lifestyle</b> Contains over 400 images. 2100 x 1400 pixels in JPEG format.

PD6	<b>Nature, Wildlife &amp; Environment</b> Contains 336 images. 2100 x 1400 pixels in JPEG format.

Please use attached order form to order your copy of a Special Theme CD.

### **Photolib® Portfolio**

Any Photolib® Image with a numerical file name or a filename starting with PO can be ordered on Portfolio CD.

Images on Portfolio CD are either in Kodak PhotoCD or in JPEG format. You have to choose the format before ordering. Files starting with PO are not available in PhotoCD format.

Images in Kodak PhotoCD YCC format contain five resolutions. The highest resolution is 3072 times 2048 pixels. These images are original PhotoCD scans. No cropping or image adjustment has been made. You will require Aldus PhotoStyler or similar for reading the Portfolio CD with Kodak PhotoCD images. One such Portfolio CD can contain up to 120 images.

Images in JPEG format contain up 3072x 2048 pixel and are JPEG compressed. For most photographs no cropping, rotation or adjustment has been made. The image can be read by any program supporting JPEG.

One such Portfolio CD can contain up to 400 images.

Images with filenames starting with PO are approx. up to 1800 x 1200 pixel.

In theory the JPEG image will have lost some of the original image information because of the compression. In practice you will not be able to detect this difference.

Before printing cropping, rotation and image adjustment may be required. You should have the appropriate hardware and software (such as Ulead PhotoImpact 3) for that purpose.

For ordering please use the ORDER FORM. For each image use the order code from the description of the image.

Pricing: One fixed fee for the Portfolio CD and a fee for each image.

### **PhotoLib® on Diskettes**

Any Photolib® Image with a numerical file name or a filename starting with PO can be ordered on diskette.

Images on diskette are in JPEG format and contain up to 3072 x 2048 pixel. Many of these are JPEG compressed versions of the original PhotoCD scan. For most photos no cropping, rotation or adjustment has been made. The image can be read by any program supporting JPEG. Images with filenames starting with PO are approx. up to 1800 x 1200 pixel.

Before printing cropping, rotation and adjustment may be required. You should have the appropriate hardware and software (such as Ulead PhotoImpact 3) for that purpose.

For ordering please use the ORDER FORM. Use the order code from the description of the image.

Pricing: Each image has an individual price.
