

If this file is not already on your hard drive then copy it to your hard drive. Double click on the icon.

Waldo4.sea

A dialog will ask you where to save the file. Save the file onto your hard drive.

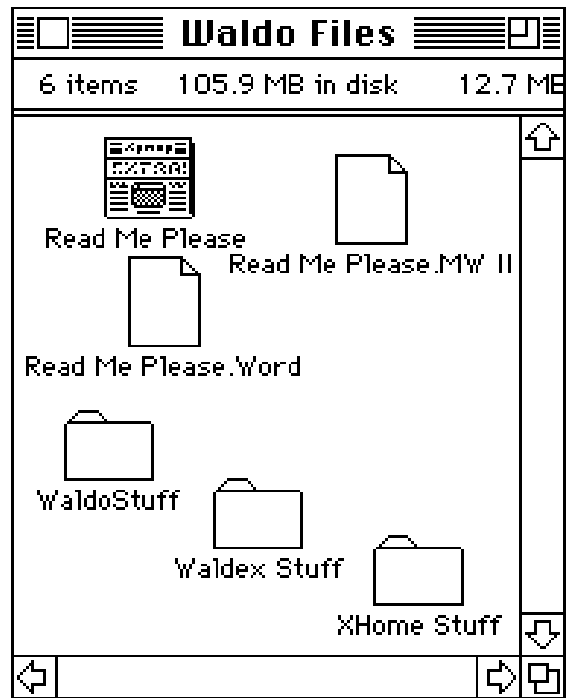

After you have saved the Waldo files you will find this folder on your hard drive. This folder holds all of the Waldo files you need.

Waldo Files

Next open the folder WaldoStuff.

Open the Waldo Files folder.

Inside the WaldoStuff folder you should read the text file "Read Me Please." This file will explain what to do to get started using Waldo. There is a version in MacWrite II format as well as Microsoft Word format.
