## Buying and activating Salling Clicker

To use Salling Clicker for more than 30 consecutive "clicks", you will need to purchase a serial number from [clicker.salling.com](http://clicker.salling.com) and activate the software from the Preference Pane. Activating the software requires an Internet connection. A computer without Internet access may be activated using a 2nd (connected) computer.

## What's new in Salling Clicker 2.2?

- New digital hub controllers for your home:
  - + SlimServer music streaming (Squeezebox/SliMP3)
