WebDesign

Professional Web Authoring Software for the Mac
Rage Software
http://www.ragesw.com

Rage Software has announced a strategic partnership with Infinity Web Services. Infinity Web Services is a first class web hosting company providing hosting opportunities to small and medium-sized businesses. As well, Infinity Web Services provides low cost web hosting to individual users.

With your purchase of WebDesign, you can get one FREE year of exceptional web hosting with Infinity Web Services. Infinity Web Services is dedicated to the Macintosh. Visit the Infinity Web Services web site at http://hosting.infinityws.com/ for more information as well as why we trust them to provide WebDesign users with quality web hosting.

After you enter your registration number you will get all the necessary details on how to sign up and take advantage of your free web hosting.

This offer is subject to availability. Please refer to the License Agreement in the Support Folder
