

## Help for HiTime

[Properties](#)

[Events](#)

### **Registration Information**

### **Order Form**

### **Getting Custom Controls Written**

#### **Description**

HiTime is a high resolution timer. You use this control just like the default Timer control that comes with Visual Basic. Visual Basic's Timer control can only fire an event every 55 milliseconds (18.2 times per second). HiTime can fire events at a much higher rate.

How high depends on the speed of your machine. 486DX2/66s can handle more than 500 ticks per second. 66MHz Pentiums can handle 1000 ticks per second.

#### **File Name**

HITIME1.VBX

#### **Object Type**

MabryHiTime

#### **Compatibility**

VB 2.0 and above

**Distribution Note** When you develop and distribute an application that uses HiTime, you should install the file HITIME1.VBX into the users Windows SYSTEM directory. HiTime has version information built into it. So, during installation, you should ensure that you are not overwriting a newer version of HiTime.

<u>Name</u>	<u>Width</u>

## Events

All of the events that apply to this control are in this table. Events that have special meaning for this control or that only apply to this control are marked with an asterisk (\*).

Timer

## Registration Information

### Credits

HiTime was written by Zane Thomas. He can be reached on CompuServe at 72060,3327 or on Internet at 72060.3327@compuserve.com. His mailing address is:

Zane Thomas  
Post Office Box 300  
Indianola, WA 98342

Inquiries, tech support, comments should be sent to James Shields. His address is 71231,2066 on CompuServe, or mabry@halcyon.com on Internet. Our mailing address is:

Mabry Software, Inc.  
Post Office Box 31926  
Seattle, WA 98103-1926

### Registration

You can register this program by sending \$20 (\$25 for international orders) and your address. You can register HiTime **and** its C source code by sending \$45 (\$50 for international orders). With your order, you will receive a copy of our manual documenting all of our controls.

For your convenience, an order form has been provided that you can print out directly from this help file.

### E-mail Discount

You may take a \$5 discount for e-mail delivery of this package (CompuServe or Internet). If you choose this option, please note: a printed manual is not included. Be sure to include your full mailing address with your order. Sometimes (on the Internet) the package cannot be e-mailed. So, we are forced to send it through the normal mails.

CompuServe members may also take the \$5 e-mail discount by registering this package in the software registration forum (GO SWREG). HiTimes SWREG ID number is 3382. The source code version's ID number is 3383.

### Credit Card Orders

We accept VISA and Mastercard. If you e-mail your order to us, please be sure to include your card number, expiration date, complete mailing address, and your phone number (in case we have any questions about your order).
