

Uninstalling the VBVoice demo

All VBVoice files are located in the directory chosen during setup (default C:\VBV) with the exception of the following:

Windows\System directory:

VBVOICE.VBX

CPALETTE.DLL (a 3rd party DLL - this may be required by other applications)

VBRUN300.DLL (required by Visual Basic and other applications)

Windows directory:

ANNOUNCE.INI

VBVOICE.INI
