

Name That OCX & WIN Software

Last Chance to Enter!

So, you think you know every add-on tool made for VB4?

Well, here's a challenge. Match the icons from the OCXs on our Monster Toolbox and win from a selection of new products for Microsoft Visual Basic 4.0. Virtually every major vendor has new 16- and 32-bit OCXs for VB4. We've rounded up most of the important here. Test out your knowledge of the industry. If you want hints, check out our Web page at <http://www.windx.com>. **ALL ENTRIES MUST BE RECEIVED BY MARCH 15, 1996.**

Rules, Legal Folderol, & Other Fine Print

You must be 18 years of age or older to participate in the "Name That OCX" contest. Each person may submit only one entry. Employees of Fawcette Technical Publications; their immediate families; and FTP's contractors, sponsors, prize providers and their divisions, affiliates, subsidiaries, advertising, promotion, and publicity agencies are not eligible to participate. FTP is not responsible for late or lost mail. Void wherever taxed, prohibited, or restricted by law. Subject to all Federal, state, and local laws and regulations.
