

# Screen Saver Source Code

## Jade Software 1995

DTSAVCOD.ZIP

Copy the DSKFLOAT.SCR, README.TXT, and DTSAVCOD to your windows directory!!

"Screen Saver Source Code (Desktop)"

REQUIRES VBRUN300.DLL

Source Code requires Visual Basic v3.0

Screen saver source code shows how to "CAPTURE" the windows desktop and float a bitmap above the captured desktop around your screen. Includes password protection, an "About" form showing Windows resources, and shell to a Windows Write file. Well commented code makes it easy. See how much fun it can be creating your own screen saver! Order yours today!

\$20.00 Order via CompuServe (GO SWREG ID #5609)
