

# READ ME

I certainly hope you enjoy the **Information Portafilter** (Sorry about the name. A portafilter by the way is that thing that squirts out coffee on an espresso machine. If you can think of a better name, let me know and maybe I will use it instead).

If you have any comments, suggestions or problems, please notify me via e-mail at [bill@dippybird.com](mailto:bill@dippybird.com) . This project will likely be never ending and will grow considerably in content.

A debt of gratitude to the electronic documentation people at JavaSoft for giving me permission to distribute their documentation in a new form, and also to my sweetie Brigitte for putting up with my geeking out late at night.
