1.2 Copyright

InfoX is FREEWARE. It means that you pay nothing to the author and you MUST
spread it for FREE. (with PackX, I suppose)

You are NOT ALLOWED to modify the program in any way, or any part of it for
any other purpose than than mentioned in this documentation.

The author is not responsible for any damage (file lost, disk currupt, total
computer destruction :-)) caused by InfoX.

1.3 Info about InfoX

* InfoX is CLI/Shell utility which shows informations about XPK
  sub-libraries. Never run it from Workbench!

* InfoX was written in assembler, that's why it is fast and small.

* InfoX can show info about given packer(s) or all available packers. You
  can also get info about packer's modes.

* InfoX can be interrupted by Ctrl-C.

* InfoX pauses between packers if you want

1.4 Requirements

InfoX needs the following things:

* Kickstart v2.04 (37.175) or newer
* xpkmaster.library v2 or newer (in LIBS: directory)
* some xpk sublibs (in LIBS:Compressors directory)

Read XPK documentation how to install XPK package.

1.5 usage

InfoX is CLI/Shell utility. Never run it from Workbench!

InfoX <packer(s)> [MODES] [PAUSE]

Template: PACKER/M,MODES/S,PAUSE/S

Where:
PACKER - four-letter name of the packer, for example:
  InfoX RLEN
    shows info about xpkRLEN.library

MODES - show also all modes available for packer(s), for example:
  InfoX NUKE MODES
    shows info about xpkNUKE.library with all its modes

PAUSE - wait for Return/Enter key between packers

1.6 history

Version Date   What was changed

 1.0 30-Jul-95 first release

 1.1 18-Oct-95 added PAUSE

1.7 Bugs Report

InfoX may not work correctly. If you found any bugs in InfoX or in this
guide please contact the author. The E-Mail address is on the Main page.
