

## Background

*Juiced: Eliminator* brings real street racing to the PSP, taking advantage of the console's wireless functionality to offer never-before-seen multiplayer games, to expand on the crew & pink-slip racing that helped established Juiced as a leader in the street-racing genre.

## Key Features:

- All new 'ad-hoc' multiplayer modes:
  - o Eliminator
  - o Relay race
- Create your real wireless crew and race a rival human team
- Ad-hoc racing 'for pinks'
- 8 new crews and crew-chiefs
- 2 new locations each with 8 unique tracks
  - o Chinatown (high speed, city)
  - o Angel Raceway (high speed, out of town)
- 8 new cars with over 100 new body-kit components
- Ford Mustang GT (2005), Citroen C2 VTR, Renault Clio Sport v6, Toyota Scion TC, Seat Ibiza Cupra, Honda Civic Si (2006), Fiat Coupe, Renault Megane Sport
- Improved career mode progression
- All-new full-screen post-race movies
