

Registration Information

Thanks for taking the time to find out more about registering DLaunch! Please feel free to use the registration form enclosed.

When you register you will receive the following:

1. My sincerest thanks.
2. My undying gratitude.
3. A better chance at getting a reply from me on CompuServe.
4. You'll be able to brag to all your friends that you did the right thing and supported cheaper and higher quality shareware for everyone.

The registration fee for DLaunch is \$5.00 in US Funds. I can't take VISA or MasterCard because that would be silly.

Upgrade Policy

If you are a registered user you can upgrade to any future versions as soon as you find them on CompuServe or your local BBS. But, I guess you could do that if you didn't register, too.

Questions or correspondence should be directed to:

Allen Look
Compuserve ID 75000,405

DLaunch Registration Form

Thanks for taking the time to register DLaunch. Your contribution will ensure higher quality and less expense for shareware users in the future!
