Updating my Telefinder System to .....

"BBS in a BOX" Volume VII

How do I update my Telefinder BBS?

Macintosh BBS setups running Telefinder and "BBS IN A BOX" will find setup very easy.

Simply open your configuration file in Telefinder Host, after mounting the CD-ROM and select the "AMUG CD" to mount. This will give your BBS's users access to all of the files on the disk. Or you can just mount a few of the folders but be sure you include the Files folder if you do not want to mount the entire disk. We have removed the system software from this folder and placed it in the Goodies folder in order to allow all sysops the ability to mount the files portion of the CD-ROM without having an Apple License Agreement.

If you do not currently own Telefinder you can purchase it from:

Spider Island Software / Rusty Tucker
4790 Irvine Blvd, #105-347
Irvine, CA 92720
AppleLink: D4955
(714) 669-9260

I strongly suggest all of you consider using Telefinder with Fidonet echoes. The Fidonet / Tabby interface tools for Telefinder can be purchased for $25.00 from:

MacWizards		John W. Sinteur
718 E. Campbell Ave.	OR	Strawinskypad 82
Gilbert, AZ 85234		2324 DB Leiden
(602) 553-8966		Netherlands

Support the Authors!

If you have additional features you would like to see added to "BBS in a BOX", please feel free to write or call us. We are interested in making the world of public domain and shareware easily understandable to the Macintosh public. Only by supporting these authors and sending in our shareware fees will this type of software distribution continue. No fee is charged for any of the download files provided on this disk. AMUG and MacWizards spend thousands of hours creating the BBS interface on this CD-ROM. Any charge for this CD-ROM is solely to support the BBS interface. Please be sure and pay for any shareware that you use. When we are dishonest with the author he becomes soured on the shareware market and either stops publishing or sells his products commercially .
Thanks again for supporting shareware and Public Domain authors!
