pdating my MUBBS System to .....

"BBS in a BOX"

Volume V

How do I update my MUBBS?

MUBBS now supports "BBS in a BOX" the AMUG CD-ROM. MUBBS is a FREE BBS program. You will find MUBBS in the Files:Tele:M;MUBBS folder on the CD-ROM. MUBBS is a module system that you may setup as you wish. A CD-ROM Module is available from the author Nate Hawthorn
 at 25050 Ave.,   Kearny #106,
Valencia
CA
91355.

MUBBS is a text based BBS system that is developing. Version 1.1 should be released

on Volume VI of BBS in a BOX with hopes to actually build the interface to run on the CD-ROM in the future.

Support the Authors!

If you have additional features you would like to see added to "BBS in a BOX", please feel free to write or call us. We are interested in making the world of public domain and shareware easily understandable to the Macintosh public. Only by supporting these authors and sending in our shareware fees will this type of software distribution continue. No fee is charged for any of the download files provided on this disk. AMUG and MacWizards spend thousands of hours creating the BBS interface on this CD-ROM. Any charge for this CD-ROM is solely to support the BBS interface. Please be sure and pay for any shareware that you use. When we are dishonest with the author he becomes soured on the shareware market and either stops publishing or sells his products commercially . Thanks again for supporting shareware and Public Domain authors!
