The first in a music discovery series, Mozart's "The Magic Flute" fills three CD-ROM discs with both HyperCard stacks and CD audio content. Roger Englander, the television producer of Bernstein's Young People's Concerts, provides music commentary. Includes the original German libretto and the English translation, as well as newly recorded sidebars about the music, the symbolism and opera forms. Linear play time exceeds 210 minutes.

Suggested Retail Price (3 CD set): \$66.00
