· ITALIANO    Giorgio Signori
· MAGYAR      Márton Dósa
· POLSKI + guide   Tomasz Tomkowiak
· SLOVAK                    Juraj Mátel
```

```
TESTERS (in aplhabetical order) :
· Zdenek Cernoch   for his ideas
· Dominique Harelle    for his bug-reports
· Vaclav Kalas      for his bug-reports
· Tomas Kucera      for publication on Aminet
· Ondrej Merta      for his bug-reports (Win UAE)
· Pavel Narozny     for his bug-reports and ideas
· Tomasz Tomkowiak   for his bug-reports
· Jan Vonka        for his ideas
· Marek Zettik      for his bug-reports and ideas
```

```
OTHERS:
· Boleslav Kristen   for his article in AmigaReview
· Franck Di Bugno    for his article in BoingAttack
· Richard Körber   for identify.library (util/libs/Identify.lha)
· all Amiga users, programmers and hardware developers.
```

```
It would not have been possible without them!
```

1.7 AmiGOD - History

```
        History
        =======
```

```
AmiGOD 1.44 (08/04/2001)
========================
· sorry for a pause and late realising of AmiGOD 1.43 & 1.44, I'm in love :o)
· added 'SLOVAK' language by Juraj Mátel, thanks
· added 'MAGYAR' language by Márton Dósa, thanks
· added 2x two new buttons for fast move forwards & backwards (Marek Zettík)
· new results & screenshots, thanks

AmiGOD 1.43 Millenium (31/12/2000)
==================================
· added AmigaOS 3.9 support
· fixed draw pixel, h-line and v-line test to fullwindow
· fixed PPC detection
· new results & screenshots, thanks

AmiGOD 1.42 (03/12/2000)
========================
· upgraded database (2 small graphs & info buttons)
· added full polish documentation!!! - thanks to Tomasz Tomkowiak
· updated 'FRANCAIS' language
· updated 'POLSKI' language
· you can rename file 'AmiGOD' now
· fixed some bugs, like always :) - tooltype USERFONT, ...
· removed screenshots from main LHA archive

AmiGOD 1.41 (26/11/2000)
========================
· added language 'FRANCAIS' - thanks to Eric Luczyszyn & Jérôme Chesnot
· added language 'POLSKI' - thanks to Tomasz Tomkowiak
· fixed some bugs (020 & UAE &~PPC detection, VisualPrefs - Border, ...)
· minor cosmetic changes
· new results & screenshots, thanks

AmiGOD 1.40 (16/11/2000)
========================
· new database - you can compare tests now!!!
· added test nr.12 'Zoom box'
· added test nr.11 'Circle tunnel'
· added test nr.10 'Box tunnel'
· added new window (is full of checkboxs) - test ON/OFF
· added 'DEUTSCH' language, thanks to Dietmar Lakotta
· added 'ITALIANO' language, thanks to Giorgio Signori
· cosmetic changes
· fixed some bugs
· new results & screenshots, thanks

AmiGOD 1.32 (04/11/2000)
========================
· fixed new (1.31) saving bug!
· fastest database redrawing
· fixed 040-processor detection
· fixed ENGLISH language
· minor cosmetic changes
· new results & screenshots, thanks

AmiGOD 1.31 (29/10/2000)
```

```
========================
· added CZECH documentation
· added test nr.9 'Rotate Line' (fixed small bug in this test - 1.31+)
· now is default system's screen font and not Courier.font,
  but you can still use own font via tooltypes
· correct writing of words (Ram -> RAM)
· fixed some bugs (database, processor - 1.31+)
· fixed CZECH language
· minor cosmetic changes
· new results & screenshots, thanks

AmiGOD 1.30 (23/10/2000)
========================
· added AmiGOD.guide
· added support of language files (directory Languages)!!!
  - english (internal/external)
  - czech (external)
· added item 'Database' to menu (you can see Database without making tests)
· correct screen depth on GFX cards; MC68060
· better database & minor cosmetic changes
· new results & screenshots, thanks

AmiGOD 1.26 (16/10/2000)
========================
· removed new font-bug (v1.21)
· new database (test-results), thanks
· new screenshots, thanks

AmiGOD 1.25 (15/10/2000)
========================
· added test nr.8 'Fill Window'
· added buttons Prev/Next/Exit to database window
· removed database saving bug (Dominique Harelle)
· database window centering
· new database (test-results), thanks
· new screenshots, thanks
· added this History :)

AmiGOD 1.21 (10/2000)
=====================
· minor cosmetic changes

AmiGOD 1.20 (10/2000)
=====================
· new generation!
· new database window
· saving results
· added buttons Nick / Realname / Email / Configuration
                Add to database/ View database
                to test window

AmiGOD 1.00, 1.01, 1.02, 1.05, 1.06, 1.10, 1.15
===============================================
· experimental versions
