1.1 Updated Libraries

```
 84 updated libraries since release 38:

* ambosgui.library           191004                 25.3  (01.06.98)
------------------------------------------------------------------------
* amigancp.library                0                   9.3  (01.05.99)
------------------------------------------------------------------------
* amigancp.library            23244                   9.3  (01.05.99)
------------------------------------------------------------------------
* autopoint.library          20680                   1.04 (30.12.97)
------------------------------------------------------------------------
* bbs.library                44200                  2.873 (12.08.98)
------------------------------------------------------------------------
* blacksilicon.library        4892                   1.1  (??.??.??)
------------------------------------------------------------------------
* cgi.library                 7244                   2.1  (??.??.99)
------------------------------------------------------------------------
* cmanager.library           13884                   6.0  (14.06.99)
------------------------------------------------------------------------
* cor.library                11108                  1.155 (27.12.95)
------------------------------------------------------------------------
* datatypes.library          30844                  45.5  (17.02.98)
------------------------------------------------------------------------
* dctv.library                2840                   4.8  (22.06.94)
------------------------------------------------------------------------
* dos.library                 3148                  40.3  (??.??.??)
------------------------------------------------------------------------
* fsgfx.library              25628                  45.0  (04.01.99)
------------------------------------------------------------------------
* gateway.library             8024                 17.3.4 (10.07.99)
------------------------------------------------------------------------
* gtdrag.library             20376                   3.4  (06.07.99)
------------------------------------------------------------------------
* help.library               54546                   2.2  (23.10.94)
------------------------------------------------------------------------
* hhsxipaintmodkey.library    1244                   2.1  (14.10.96)
------------------------------------------------------------------------
* identify.library           23156                  11.0  (23.04.99)
------------------------------------------------------------------------
```

```
* identify.library              23120                11.0   (23.04.99)
---------------------------------------------------------------------------
* idm.library                   48264                1.175  (13.08.99)
---------------------------------------------------------------------------
* image.library                 11872                1.1    (27.05.99)
---------------------------------------------------------------------------
* jpeg.library                  84292                5.1    (06.03.99)
---------------------------------------------------------------------------
* maestix.library                6288                41.40  (15.05.98)
---------------------------------------------------------------------------
* mavikey.library                4100                2.10   (08.03.98)
---------------------------------------------------------------------------
* mfphone.library               48680                37.38  (17.08.95)
---------------------------------------------------------------------------
* mfview.library                64316                34.37  (11.09.95)
---------------------------------------------------------------------------
* miamibpf.library               7508                2.2    (??.??.99)
---------------------------------------------------------------------------
* miamipcap.library            143916                4.0    (??.??.99)
---------------------------------------------------------------------------
* miamisocks.library            53368                2.8    (??.??.99)
---------------------------------------------------------------------------
* miamisslintl.library         487992                2.11   (??.??.98)
---------------------------------------------------------------------------
* mmu.library                   47416                0.42   (17.08.99)
---------------------------------------------------------------------------
* mtool.library                 13748                36.30  (??.??.94)
---------------------------------------------------------------------------
* multifax.library              89936                34.62  (11.09.95)
---------------------------------------------------------------------------
* mysticview.library            24624                4.2    (01.06.99)
---------------------------------------------------------------------------
* nesa.library                   3024                1.20   (??.??.??)
---------------------------------------------------------------------------
* neuralnet.library                 0                5.1    (24.05.99)
---------------------------------------------------------------------------
* neuralnet.library              9264                5.1    (24.05.99)
---------------------------------------------------------------------------
* oberonsymbols.library          7768                3.0    (01.10.91)
---------------------------------------------------------------------------
* pfile.library                  9816                10.4   (14.08.97)
---------------------------------------------------------------------------
* pgs.library                  178840                1.34   (??.??.??)
---------------------------------------------------------------------------
* pgs.library                  178272                1.34   (??.??.??)
---------------------------------------------------------------------------
* playhandler.library           20292                40.1   (??.??.??)
---------------------------------------------------------------------------
* powerpacker.library            5864                37.10  (06.11.97)
---------------------------------------------------------------------------
* prelude.library                   0                4.55   (??.??.99)
---------------------------------------------------------------------------
* progresshandler.library       28352                38.1   (??.??.??)
---------------------------------------------------------------------------
* proof.library                 15790                2.1    (12.03.99)
---------------------------------------------------------------------------
* proof.library                 15792                2.1    (12.03.99)
```

```
------------------------------------------------------------------------------
* rcd.library                    50812                  15.50   (11.09.91)
------------------------------------------------------------------------------
* reccoon.library                28288                  60.50   (03.11.95)
------------------------------------------------------------------------------
* rtracker.library                8024                   1.1    (13.07.99)
------------------------------------------------------------------------------
* rxcmanager.library             17892                   5.5    (17.05.99)
------------------------------------------------------------------------------
* S5697_Support.library          22028                   6.0    (??.??.??)
------------------------------------------------------------------------------
* sccxx.library                1007348                   7.2    (04.09.97)
------------------------------------------------------------------------------
* screennotify.library            1536                   2.0    (??.??.??)
------------------------------------------------------------------------------
* sekdprelude.library            13208                   1.69   (13.09.97)
------------------------------------------------------------------------------
* seq.library                    32716                   1.6    (30.10.94)
------------------------------------------------------------------------------
* seqsub.library                 33656                   7.9    (28.10.94)
------------------------------------------------------------------------------
* ssa.library                   141540                   4.165  (22.11.96)
------------------------------------------------------------------------------
* status.library                  1124                   2.1    (??.??.99)
------------------------------------------------------------------------------
* superview.library                  0                  23.4    (01.07.99)
------------------------------------------------------------------------------
* superview.library              23752                  23.4    (01.07.99)
------------------------------------------------------------------------------
* surfsquirrel.library            1252                  40.45   (08.08.97)
------------------------------------------------------------------------------
* the.library                     3452                   1.21   (10.??.95)
------------------------------------------------------------------------------
* transamiga.library             26184                   2.21   (09.12.97)
------------------------------------------------------------------------------
* ttf.library                    53936           0.8.0.030      (11.07.99)
------------------------------------------------------------------------------
* umsrfc.library                 20152                   1.8    (20.02.99)
------------------------------------------------------------------------------
* uprc.library                   22816                  15.1    (28.06.99)
------------------------------------------------------------------------------
* usergroup.library              14480                   4.5    (??.??.??)
------------------------------------------------------------------------------
* vapor_toolkit.library          29868                  12.4    (09.08.99)
------------------------------------------------------------------------------
* vapor_registration.library     77868                   6.3    (06.08.99)
------------------------------------------------------------------------------
* virus.library                   3668                   5.1    (29.07.91)
------------------------------------------------------------------------------
* vmcresource.library             6884                   3.48   (12.06.99)
------------------------------------------------------------------------------
* wplemsi.library                19768           0.35.210       (08.11.95)
------------------------------------------------------------------------------
* xadmaster.library              35092                   2.1    (16.03.99)
------------------------------------------------------------------------------
* xfdmaster.library              77676                  39.4    (06.06.99)
------------------------------------------------------------------------------
```

```
* x-dve.library              187460                    3.20  (02.11.98)
------------------------------------------------------------------------
* ixemul.library             167056                    48.0  (14.07.98)
------------------------------------------------------------------------
* ixnet.library              15440                     48.0  (14.07.98)
------------------------------------------------------------------------
* se_fio_8svx.library        18420                     2.2   (23.04.99)
------------------------------------------------------------------------
* se_fio_aiff.library        16184                     2.2   (23.04.99)
------------------------------------------------------------------------
* se_fio_multi.library       27364                     2.2   (23.04.99)
------------------------------------------------------------------------
* se_fio_wave.library        16196                     2.2   (23.04.99)
------------------------------------------------------------------------
* wild.library               27388                     1.5   (14.05.99)
------------------------------------------------------------------------
* xprzmodemcnet.library      20108                     2.50  (02.05.97)
------------------------------------------------------------------------
```
