

Welcome to the Interactive Adult Movie Almanac!

The Interactive Adult Movie Almanac contains 750 movie titles and over 250 adult performers. As an added bonus, several QuickTime™ movies are included.

The Almanac window contains the Adult Almanac application, the Almanac Docs, the Movie Player, Movie Clips, and QuickTime.

To run the Adult Almanac application, double-click on the icon or select the icon and choose Open command from the File menu. The Almanac Docs and Movie Player are launched the same way.

The Movie Clips folder highlights other products available from New Machine Publishing. To install QuickTime, follow the directions in the next chapter.
