

We have included a free copy of the Advanced Searchbar with this software, because in our opinion it is the **BEST** Internet search tool available. Basically if Advanced Searchbar wasn't the best, we wouldn't even consider including it with our software.

Advanced Searchbar is an amazing search tool for the Internet. It has more features than the Yahoo, Google and MSN toolbars combined. It enables you to search over 80 search engines including Yahoo, Google and MSN but it doesn't end there, it has piles of features the other toolbars don't have.

- Quick access to 80+ search engines.
- Eliminates pop-up ads completely.
- Homepage protection software.
- Instant screensaver launcher.
- Calculator button.
- Quick access to 70+ free online games.
- Shortcuts for Media Players, Sound Recorders, Computer System & Disk Utilities, Windows Registry Utilities, Control Panel Options, Monitor Settings, Instant Messengers and Spyware Removers.
- Webpage Translation by FreeTranslation.com
- Easy Access to News Providers.
- Easy Access to Greetings Sites.
- Scrolling News Ticker: Headlines, Business, Sports, Entertainment, Weird, Health, Technology or All Categories.
- Highlight search terms on a page.
- Erase browser cookies, to protect your privacy..
- Erase browser cache, to protect your privacy.
- Display website cookie information, to protect your privacy.
- Zoom In/Zoom Out on webpages, for the visually disabled.

We have tested it thoroughly and have used a certified systems engineer to make sure it is like all of our other software that we publish, **absolutely free of spyware** and **contains no viruses** or anything to negatively affect your computer. **No personal information is required**, and our software never records, tracks, or sends any personally identifiable information. Advanced Searchbar can easily be completely uninstalled just in case you're picky and don't like the piles of features it includes.

Thanks for trying our software. We hope you enjoy using it as much as we enjoyed creating it.
