

My CoEditor is Nuts, and the Rent has been due for
Three Months...The Story of My Life!

owdy Boys and Girls,

Let me be the first to welcome you to the first issue of
Nutshell, a hip, new ezine that covers just about
everything from politics, (written by my good friend,
Jordano, a mexican from Jerusalem...actually he's neither
mexican, nor from Jerusalem, but let's pretend he is, it's a
lot more interersting) to computers. Usually this would be
the spot where I would shoot down some fan's hopes and
dreams with a mere shudder, but since this is our first ish,
I don't have any fans.

This is the basic breakdown of our ezine, me and Jordan write our monthly columns on everything, then we put in some special features, such as the live coverage of Kurt Cobain's baby. (somehow I doubt you'll be seeing that very soon) That's pretty much all I have to say. Be sure to check out my columns on music, computers, and anything else I feel like. **Enjoy.** That's an order.
