CatFinder 2.0.2 Registration

When you register CatFinder, you will receive a disk containing complete documentation, the latest release of CatFinder, and a registration code.

The registration fee for CatFinder is as follows:

Single User License	$25
Site License	$500
World-Wide License	$2000

Payment can be made by check, money order, or cash.   Make checks payable to Keith Turner in US dollars drawn on a US bank.   You can register using a credit card via Kagi Shareware.

If you register via Kagi Shareware or the CompuServe shareware registration service, you do not need to send in this form.   I will receive your registration information from the respective service.   See the chapter "Registration Information" for more information on these services.

Please supply the requested information below.

Name _____

Company _____

Address _____

City _____ State _____ Zip _____
