LOADING MLP
1. Open the "MLPro" folder" and double click on the 'MLPro StartUp'
    file.

2. The MLP intro screen will appear.   After a short pause, the 'Main Menu'
    screen will load.

3. Click on the "Load Main Help File" button to view MLP's Help file.

RECOMMENDED BEFORE USING MLP

• Select "Authors Tips" for general advice and quick tips.   Also, have a
   look at the "Button Help Menu" which gives an overview of MLP's
   buttons and front-end interface.

• Check out the "What's New" option for a quick summary of any last-
   minute changes to MLP.

RESTRICTIONS IN MLP
Feel free to copy this 'DEMO' version for friends and work colleagues.

• You can enter up to   [3]   new records in each of   MLP's modules.
