

# Introduction • Using Your InterPPP Online Guide

## Contents of this Introduction

- Understanding Text Styles and Symbols
- Using this Document
- Making this Document an Apple Menu Item
- Document Outline

To install this document onto your hard drive, select the [InterPPP Online Docs](#) icon from the [InterPPP Installation Disk](#) and drag it into a location on your hard drive.

This document describes the features included in InterPPP and how to use them. If you are not familiar with basic Macintosh interface concepts, such as using the mouse, opening files, or copying files, please read the user guides that were included with your Macintosh computer.

## Understanding Text Styles and Symbols

**Bold lettering** indicates the names of items, such as buttons, menus, windows, files, folders, dialogs, and text boxes.

*Italic lettering* indicates text to be typed by the user and references the reader should turn to for more information.

1. A numbered list indicates steps you should take to perform a particular action.

✓ A check mark indicates the result you should obtain by performing the preceding step.

A bullet indicates an item in a list.

This symbol indicates potentially useful information, for example, interesting work-arounds, commands, and other points of interest.

This symbol indicates an important item, such as a solution to a problem that users frequently encounter.

This symbol indicates the definition of a term.

## Using this Document

This document details installation, configuration, and using all of the features offered in InterPPP.

Use the [Contents](#) menu to view the [Table of Contents](#) and to open chapters.

To print this document, select [Print...](#) from the [File](#) menu. This document is approximately 110 pages long.

This document is intended to be read online. Although it can be printed, the format of this document is not guaranteed in hard copy.

## Making this Document an Apple Menu Item

You may find it convenient to access this online document through the Apple menu whenever you are using InterPPP.

To make this document an Apple menu item:

1. Select the [InterPPP Online Docs](#) icon (Figure 1) from the [InterPPP Installation](#) disk.

figure 1 InterPPP Online Docs Icon

2. Select [Make Alias](#) from the [File](#) menu.

✓ An alias of the [InterPPP Online Docs](#) icon (Figure 2) appears.

figure 2 InterPPP Online Docs Alias

3. Drag the alias to the [Apple Menu Items](#) folder in your [System Folder](#).

✓ [InterPPP Online Docs](#) is displayed as an item in the [Apple](#) menu (Figure 3).

## Document Outline

Each chapter in this document corresponds to a specific feature or task.

### Chapter 1

[About InterPPP](#) outlines the contents of the InterPPP package and how to register your copy of InterPPP.

### Chapter 2

[Installing InterPPP](#) details system requirements and how to install and launch InterPPP.

### Chapter 3

[Configuring a Network Connection](#) explains the procedures necessary to configure your TCP/IP and AppleTalk connections.

[Chapter 4 Configuring a Connection Document](#) explains the procedures necessary to configure a connection document for your modem and remote network.

[Chapter 5 Configuring InterPPP](#) explains the procedures necessary to configure your modem, TCP/IP, and PPP settings for use with InterPPP.

## Chapter 6

**Using InterPPP** describes how to connect to a remote network and monitor your connection, and contains a brief description on using CCL scripts.

## Appendix A

**Menu Overview** outlines InterPPP's menus and their items.

## Appendix B

**CCL Scripts** describes the basics of the Connection Control Language (CCL) used to write modem scripts.

## Appendix C

**Troubleshooting** provides tips and solutions for some of the most commonly asked support questions for InterPPP.

## Appendix D

**Manufacturer Technical Support** lists the technical support telephone numbers for some of the manufacturers you may be dealing with while using InterPPP.

## Appendix E

**Getting Help** outlines the information you need to prepare before contacting InterCon Technical Support.

**Glossary** defines terms specific to InterPPP.
