Dialog box controls

    adding, 42

- clearing, 46
- cutting, copying, pasting, 46
- defining, 42
- duplicating, 46
- Dialog box file
  - opening existing, 47
  - saving existing, 48
  - saving under new name, 48
- Dialog Editor
  - context-sensitive help, 50
  - exiting, 52
  - help, 49
  - running standalone, 49
  - shortcut keys, 53
  - starting, 29, 39
  - Status Bar, 41
  - Toolbar, 41
- Do...Loop statement, 17

## **E**

- Editing text, 26
- Error handling, 68
- Executable
  - distributing, 24
  - making, 23
- Exiting
  - DCL Editor, 20
  - Debugger, 63
  - Dialog Editor, 52
- Expression evaluation, 67

## **F**

- File
  - closing, 22
  - opening existing, 21
  - printing, 24
  - recent, 22
  - saving as executable, 23
  - saving existing, 22
  - saving under new name, 23
- Finding text, 27
- For...Next statement, 15
- Functions, 10, 67
  - passing parameters, 11
  - user-defined, 10

## **G**

- General characteristics of DCL, 65

## **H**

- Help, getting, 35

## **I**

- Icons, arranging, 35
- If...Then...Else statement, 13
- Indenting text, 26
- Integers, 6

## **K**

- Keys, text editing, 36

## **L**

- Limitations, 72
- List box, 44

## **M**

- Macro, recording, 30

## **O**

- OK button, 44
- Operator precedence, 70
- Operators, 8
- Option group and buttons, 44
- Overview of DCL, 1

## **P**

- Pasting text, 26
- Printing
  - a script, 24
  - setting up for, 25
- Push button, 44

## **R**

- Recent files, 22
- Recorded events
  - application focus switch, 32
  - dialog box interaction, 34
  - keyboard activity, 33

- menu commands, 34
  - mouse activity, 32
  - window management, 33
  - window scrolling, 32
- Recorder
  - events captured by. *see* Recorded Events
  - macro, 30
- Reference, passing parameters by, 11
- Release notes, 2
- Replacing text, 27
- Running script, 28

## S

- Saving a file, 22, 23
- Saving a script, new, 22
- Script
  - checking syntax, 30
  - creating new, 20
  - execution, 66
  - printing, 24
  - recording, 30
  - running, 28
  - saving new, 22
- Select Case statement, 14
- Shortcut keys
  - DCL Editor, 36
  - Debugger, 63
  - Dialog Editor, 53
- Starting
  - DCL Editor, 19
  - Debugger, 55
  - Dialog Editor, 39
- Status Bar
  - DCL Editor, 21
  - Dialog Editor, 41
- String
  - finding, 27
  - replacing, 27
- Strings, 5
- Structures, 66
- Subroutines, 9, 67
- Syntax, checking, 30
- System requirements, 2

## T

- Text
  - editing, 26
  - editing keys, 36
  - finding, 27
  - replacing, 27
- Text box, 45
- Text\$, 43
- Toolbar
  - DCL Editor, 20
  - Debugger, 56
  - Dialog Editor, 41
- Tracing, 57

## U

- Undoing actions, 26

## V

- Value, passing parameters by, 11
- Variables, 5, 66

## W

- Watch pane, opening, 58

Watch variable  
  adding, 58  
  deleting, 59

While...Wend statement, 16  
Windows, working with, 35
