FREESP_T,C,254

No political censorship since 1993

Western print media are censored for taste and political correctness

Information is regulated by individual factions in the areas which they control

Laws forbid political interference with the media, but the opposition press still faces suppression

Since the fall of communism there has been no official censorship

Criticism of the government is not tolerated in practice

The constitution recognizes freedom of speech.

There are no daily newspapers produced in Antarctica. Any papers would have to be brought in from the home countries

Freedom guaranteed by the constitution, but media subject to government pressure in practice

Media is, for the most part, independent of the government. It is relatively conservative

The press is free from government control

No press comment critical of the government is tolerated

Censorship imposed owing to war

Freedom of expression guaranteed by the constitution. Defamation law restrictive to investigative journalism

Political intervention in the media, which was greatly reduced in 1990, is on the rise

Censorship is banned under the constitution. All types of media tend to be divided by language

In spite of press freedom guarantees in the 1991 constitution, political censorship still exists

Nominally free press since 1989

The information ministry is relatively liberal. However, the press is still semi-controlled

The media are state-controlled. General thaw in censorship since 1992 constitution in theory. Media has been regularly liberal

Although freedom of expression is guaranteed under the constitution, the press is quick to defend its rights

Extensive censorship, including foreign papers. Pictures deemed lewd or blasphemous by Religious Affairs Ministry are blacked

Little formal censorship, but local journalists rarely comment on the drugs business for fear of reprisals

There has officially been freedom from censorship since the military withdrew from politics in 1985

No restrictions on political reporting

All media are controlled by the government

There is no overt censorship

High level of state censorship

Journalists have occasionally been detained for criticizing the government

No political censorship

Although an opposition press has developed, censorship can still be imposed

In theory, all censorship restrictions have been lifted. However, occasional acts of censorship and press intimidation are still re

Freedom of expression is guaranteed

Despite reduction in censorship since 1990, the press is still subject to controls

Many of the army's powers over the press imposed during the Pinochet regime have yet to be repealed

Press censorship eased in 1990, but is still fairly severe

The government still attempts to enforce tight censorship, often by withdrawal of licences

In theory the press is free, but in practice there is some political censorship. Journalists tend to avoid criticizing drugs cartels

Journalists are supposed to join <I2>Colegio</I2>, a state-run trade union, effectively run by the government

Government censorship; demand for more outspoken media is growing

Since multi-partyism, virtually no censorship

Freedom of speech is guaranteed in both Cyprus and the TRNC

No official censorship

No political censorship

The press was freed from restrictions in 1992, but with little effect; most is still state-owned

Media censorship is forbidden by the constitution

Journalists accuse the government of placing them under pressure to reveal sources

No overt censorship laws, though many instances of newspapers caving in to state pressure

The media are under government control
Freedom of speech is guaranteed
Little censorship for Estonians; Russian access to the media is decreasing
Free press in theory, but government restrictions in practice
Most of the media is controlled by the government
Freedom of expression, though <ABBR>tv</ABBR> is vulnerable to government pressure
There is now considerable freedom of expression compared with the blanket censorship of the Mengistu years
There is no censorship of the media
Under newly introduced restrictions, no aspersions may be cast on the Fijian leadership
No political restrictions
The media have been free of state control since the 1980s
No restrictions
No political restrictions
Freedom of expression guaranteed under the constitution. Little government censorship
Government censorship is widespread
Self-censorship by press. Overt criticism of government is not tolerated
Increasingly restrictions are being imposed on the media
Although there has been a relaxation of strict censorship, political parties are still communicating through pamphlets
Censorship is liable to be arbitrarily and suddenly imposed
The press is free from government interference; however, the state broadcasting services are under strong government control
The media are ostensibly free, but journalists are still subjected to beatings and death threats, despite the return to civilian rule
Censorship is still strong, but press freedom has increased markedly since 1991
A relaxation of government pressure on the media has been seen in recent years
Some self-censorship has reportedly been exercised in the run-up to 1997. China has an aversion to freely distributed information
Although the media are officially free, some journalists will accept bribes to misreport. Left-wing publications may receive death threats
The government has extended its influence over the media. The <ABBR>hdz</ABBR> effectively controls <I2>Hina</I2>, the main news outlet
Radio stations shut down by the military have reopened. Newspapers, almost exclusively in French, are not accessible to most of the population
Little government censorship of the press
The government maintains tight control of all media outlets
There is no official censorship, but there can be self-censorship on moral issues
Foreign journalists are monitored. The media are constrained by extensive military and security censorship and other administrative restrictions
Some censorship of the press. Western <ABBR>tv</ABBR> soaps and films widely considered unsuitable
Tight government censorship
Censorship was introduced by the stringent Press Law of 1979. Infringement is treated as a criminal offence
Freedom of expression is guaranteed
No censorship restrictions
Freedom of expression is guaranteed under the constitution
Widespread self-censorship of the press, in accordance with government guidelines
No political restrictions
Criticism of the government is not tolerated in practice
There is no censorship
The government has extended its influence over the media
No restrictions on political reporting
The press had little political independence after the 1990 coup attempt, but since then, the situation has slowly been improving
No political restrictions
Total censorship. No foreign publications permitted. Radios have fixed dials
The media are free of direct governmental interference
There is officially no press censorship. However, the government acts swiftly against publishers who breach informal guidelines
Censorship exists. Neither direct criticism of the president nor the incitement of ethnic tension

Tight government control of media

The press has greater freedom than in any other country in the Arab world

Generally free, although some government sensitivity about phone-in radio programmes

No restrictions

Little press freedom due to Tamil-Sinhalese conflict. Government is able to enact emergency controls

Criticism of the government in the press was dangerous from 1980 until the fall of the Doe regime

Censorship has reduced since the previous military regime, under which the editor of the <I2>Mirror</I2> was deported to Ker

No restrictions on political reporting

Freedom of expression is guaranteed by law

Officially none. Russians have restricted access to the media

The media are under strict government control

Criticism of the king is not allowed

Freedom of expression guaranteed under constitution

Media are relatively free from state control

Censorship exists, but is limited

The media are generally free of censorship

No censorship restrictions

The constitution of 1992 guarantees freedom of expression. There are no restrictions on political reporting

No press freedom since 1962. All private periodicals and books have to be registered with, and approved by, the Ministry of In

All restrictions on reporting have been removed

There are still instances of censorship

Freedom of expression guaranteed under constitution

Freedom of expression is guaranteed under the constitution. Foreign satellite <ABBR>tv</ABBR> broadcasts are subject to g

New libel laws are being implemented by the government against journalists

The media, formerly under tight government control, are now free

Free in practice, but power of government advertising a strong incentive against criticism. Several critical journalists have been

All news bulletins for radio and <ABBR>tv</ABBR> by Department of Broadcasting

The press is now free

Since 1990, press freedom has been guaranteed under the constitution

The 1992 constitution guaranteed freedom of expression; there is an official press

Foreign journalists have been expelled for questioning corruption in government

The press is now relatively outspoken

Freedom of press is guaranteed by the constitution. The Netherlands has Europe's most liberal laws on censorship

No government censorship

Press freedom is guaranteed under the new constitution

Freedom of speech is protected by law

There is no censorship of the media

There is no public expression of criticism of the government as all press is censored

The Inter-American Press Society in 1995 removed Panama from its list of countries respecting total press freedom

Press freedom is theoretically guaranteed. In practice, the media are expected to denounce terrorists and keep silent on huma

Freedom of speech is protected by law; the Bougainville uprising prompted limited censorship

The media practice self-censorship and are inclined to be deferential to the government in power

No political censorship in theory

Free, but broadcast media must by law reflect Christian values

There is full freedom from censorship and the press is entirely independent

No political restrictions

The press is free in theory and banned newspapers have reopened, but there have been some recent instances of shootings

The press is subject to censorship

In 1994, the government reimposed political reporting restrictions, which had been lifted in 1989

Sheet1

No political restrictions, though temporary censorship may occur
Under the <ABBR>mrnd</ABBR>-led government there were many instances of opposition journalists being harassed
Control of the media is achieved through the Ministry of Information, which controls the national news agency and the broadcast
Minimal government interference
Freedom of expression has been permitted since 1992
Tight government control of the media
Government censorship is non-existent
The press is completely regulated
The media are free from government interference
Relaxation of restrictions has been promised. Journalists have sometimes been imprisoned
There is full freedom of expression
Opposition parties have limited access to the <ABBR>tv</ABBR> station. Together they are permitted 50% of viewing time; th
Following the overthrow of the Siad Barre regime, independent newspapers have been established
Press freedom is generally assured, though access is limited for minorities
Censorship has eased since the return to democratic government in 1991
The press was strictly controlled until 1988, but censorship rules have now been relaxed
Harassment of 11 community radio stations; 4 independent <ABBR>tv</ABBR> stations have one owner
The media are under strict government control
The media are strictly controlled. Editors must get permission before publishing sensitive articles
The government claims to support press freedom, but interference in editorial decisions has been reported
The total censorship which existed prior to 1990 has eased. However, the new independent press is subject to severe intimidation
Criticism of the King is not tolerated
Journalists who criticize the government may be risking their lives
The government controls all media. Censorship is widespread
The press has enjoyed considerable freedom since 1987, but government still interferes at times
Censorship tends to be self-imposed. Outspoken slander or attacks on the King are not acceptable
Harsh laws inhibit freedom of expression
No restrictions on political reporting
There is no censorship of the media
Criticism of the government is discouraged
Censorship is now minimal. There has been a great increase in the number of independent publishers
There is no tradition of investigative journalism
The press has been free since 1986. Comment likely to cause ethnic tension is banned
Freedom of press guaranteed in constitution
Full freedom of expression is guaranteed by the constitution
The media operate under tight political and religious censorship
The Vatican regards freedom of expression as a fundamental human right. The Vatican's media promote the Catholic Church
Journalists and radio news editors have been subjected to government intimidation
Attempts have been made to intimidate any press which is critical of the government
Tightly controlled
There is no censorship
Fairly open criticism of the government is possible
The media are under tight government control
Independent <ABBR>tv</ABBR> and radio stations have been targets of harassment and police raids
Censorship regulations imposed under apartheid have been dismantled
Little press censorship by government
Press censorship has relaxed since 1990
There is no official censorship
