

The Drag And Zip utilities are Shareware

I wrote these programs with the goal of making your working in Windows easier and more fun. I have released them as shareware for you and your friends and associates to try them out at your leisure. If you think that I have achieved my goal and I have contributed to making your computing life easier and more fun, I would like you to acknowledge that by paying for them. The price for Drag And Zip, Zip View and Fileman Launcher is only \$25 with shipping. For your \$25 dollars you will get a new diskette with the latest version of the programs and no registration reminder screens and a printed manual. Your payment will let me know that my work is appreciated as well as help to support my efforts in providing the best products for you, so that I can continue to improve these programs and write new ones.
