### This program:

This program was written as a tribute to the great movie Braveheart.  
This program may be redistributed, as long as all files are intact without modifications, and with notification to the author of such intentions.  
Original appearance of this program was made at  
<http://www.relia.net/~bravhaart/VB/software.html>. Bugs may be reported to the author below, but it is at his discretion to fix. There is no warranty implied or otherwise on this program.

### The Authors:

This program was written by Steve A. McNair and Dirk Gerspacher.  
Dirk was a vital key to getting this program running. I appreciate all of his help.

The interesting thing about Dirk and I, is that we have never met other than through the internet and e-mail. I live in the United States, and he lives in Europe.

### INSTALLATION:

NOTE: This program requires VB40032.DLL to work. This file can be found on most bulletin boards and online services such as CompuServe and America OnLine. If you are unable to locate this file please contact the author at the Internet address below and you will be provided a copy at your expense.

To install the Braveheart Screen Saver, unzip braveheart.zip to a floppy diskette. After checking for viruses, move the files to \Windows\System directory. If you have any comments or questions, please feel free to contact me by E-mail at the address below.
