Note: If you have already registered an earlier version you do not need to pay again.

To register you run the enclosed "Register" program. Enter your name, your email address, and the number of licenses you desire (or select Site or World-Wide licenses) . The Register program will let you Print or Save a registration form that you can fax, mail or email to the following addresses:

Fax: +1 (510) 652-6589

If paying with Credit Card or First Virtual, you can email or fax the data to Kagi Shareware. You can either Copy the data from Register and paste into the body of an email message or you can Save the data to a file and you can attach that file to an email message.

You can pay with a wide variety of cash from different countries but at present if you pay via check, it must be a check drawn in US Dollars and made out to ôKagi Sharewareö. No matter which method you choose, if you include a correct email address you will hear from Kagi Shareware when your payment is processed.

Payments will be processed in 3 or 4 days by Kagi and if you have an email address, you will receive a copy of the registered version in no more than 10 days, otherwise it will take a bit longer.

If you don't have an e-mail address, please don't forget to fill in your

postal address in order to receive the floppy with the registered version!

Italian users: Cash payments in Italian Lira can also be sent to me directly at the address below if you feel this is more convenient, and remember that there is a localized italian version!
