INFORMATION CENTER

WorldsAway

WorldsAway is an animated on-line community that adds graphics to real-time, text-based, person-to-person communication.

WorldsAway is an animated on-line community that adds graphics to real-time, text-based, person-to-person communication.

WorldsAway is available to CompuServe members from 150 countries worldwide to meet, interact and participate in building a virtual community.

WorldsAway is built on a distributed object-oriented technology which allows for a *limitless* addition of both users and WorldsAway regions.

INFORMATION CENTER

FACT SHEET

CompuServe

WorldsAway software is available for download in the WorldsAway Forum. WorldsAway will be billed at CompuServe's current rates. Under the standard plan with a monthly membership fee of \$9.95, users receive five free hours of access to most of CompuServe's services, including WorldsAway. Additional hours are billed at \$2.95 per hour. The Super Value Club offers users a CompuServe membership for a \$24.95 fee for 20 hours free connect time each month. Each additional hour is \$1.95.

CompuServe is the largest worldwide provider of consumer on-line services. With currently 3.5 million subscribers, CompuServe is adding 100,000 new members each month.

INFORMATION CENTER

FACT SHEET

Fujitsu

Fujitsu's Cultural Technologies division, launched in August of 1994, was formed to develop and market products that extend, enhance and facilitate person-to-person interaction. WorldsAway is the division's first product introduction.

Founded in 1935, Fujitsu Limited is a \$36 billion worldwide leader in computers, telecommunications, semiconductors and electronic devices.
