
THE COMPLETE ADDRESS BOOK MEMORANDUM

WELCOME!

Thank you for downloading The Complete Address Book for Windows 95. Since you are reading this document, you have installed C.A.B. successfully. The Complete Address Book is very simple and easy to use. We just have one warning that we need to get across to you before you start using CAB, that would be MAKE SURE YOU CLICK THE "NEW" BUTTON BEFORE ENTERING YOUR FIRST ENTRY. With that in mind, you should have no problem using the Complete Address Book, but just in case you do have problems, please send an e-mail message to video@cjnetworks.com.

If you are interested in registering the Complete Address Book, see [register.txt](#) for more information. In case you didn't know, this is no longer freeware. This is the first shareware release version. Again, thank you for downloading the Complete Address Book, and enjoy the program!
