Description:

Candy Math v1.0 will assist children in Addition, Subtraction, Multiplication, Division. Adults can use Candy Math to produce sheets for children or they can print their own.   Select the level, which is the highest factor you wish to use. By clicking the type of math   (Add,Sub, Mixed, Etc.) you can select the sheet you desire to print.

There is   (Addition, Subtraction, Multiplication, Division) a full sheet 26 total.   Also   (Addition & Subtraction) or (Multiplication & Division) 13 each, 26 total.   And   (Mixed) uses all types, mixed sheet 26 total.

Print: Print   Sheet of selected Type and Level.

Help: Master Developer Inc. Help (This Help).

Exit: Exit Candy Math v1.0

Register: Registration Form.

Released: September   1996

Tip or Trick:

Screen Capture in Windows:

This Tip will capture a full screen in Windows 3.+.

Step 1:   Display the screen you wish to Capture.   Example(Open Calculator)
Step 2:   Standard Keyboards have a   (Print Scrn) button,   Press it.   (Capture was sent to Clipboard)
Step 3:   Open Paintbrush select (Edit) then (Paste).   You can edit this image as you like.

Note: You can paste into most Microsoft Applications (Excel, Word, Powerpoint, Etc.). It will work with other Applications as well.
