

Practise Your English

Test your English in this interactive program. This program contains many different subjects to choose from. This is a great tool for students of all ages to review their English. To run efficiently, this program must be copied to your Hard Drive.

Practise Your Stress

Practice finding the stressed vowel in a word. For example, where's the stress in 'advertisement'? If you don't know, then this program can help. To run efficiently, this program must be copied to your Hard Drive.

QuoteMan

QuoteMan occasionally interrupts you to display a thoughtful, meaningful, humorous or provocative quote. QuoteMan comes pre-configured with nearly 1000 quotes and gives the user the ability to add more quotes. You'll never be at a loss for a pithy turn of phrase.

Science Calendar

Have you ever wondered if you share a birthday with a famous scientist like Albert Einstein? This stack contains a calendar that lists the birthdays of just about every famous scientist in the world. You can even add your own favorite birthdays to the list of famous scientists. To run efficiently, this program must be copied to your Hard Drive.

Seismic Duck PPC

Educate yourself on how seismic waves are used to find oil underground. The easier program levels are basic enough for elementary school children, while the upper levels are challenging enough for even professionals familiar with geophysics. The object is to help the duck find oil before going broke. This program is to be used with Power PC computers only. To run efficiently, this program must be copied to your Hard Drive.
