

rgo

This children's game combines strategy, memory and plain old guesswork to create a mental challenge. It takes place on a square board covered with tiles. When you start a game these tiles are randomly scattered in several different colors. Your goal is to make all of these tiles the same color by clicking on them to change their color.

nvation of the Goofy Aliens

When the aliens made first contact, the people of earth thought this was a pretty cool thing. But after a while, it soon became clear that something was wrong--very, very wrong. You've decided that enough is enough and it's time to kick some galactic butt. Go get 'em with your peashooter and rid the world of these pesky aliens.

ecret Agent

Secret Agent is a program designed to help students practice their math. You are a secret agent and in your missions you must select the correct problems while avoiding the double agents. Select from the basics (addition, subtraction, multiplication, and division) and have fun learning math. To run efficiently, this program must be copied to your Hard Drive.
