What is Bingo Mathness

Bingo Mathness is a fun way of practising your math skills while having fun. Bingo Mathness forces the player to calculate over and over again each math operation on their Bingo Card until the math operation can be calculated on sight. The Math operations covered are Addition, Subtraction, Division and Multiplication. Bingo Mathness enables the user to play with friends, against the Computer or with a large group of players for which Bingo Cards can be printed for. Bingo Mathness calls the answer and you must find the operation that produces that answer.

Shareware

Bingo Mathness is a Shareware program and requires a registration payment of \$19.95 plus \$5.00 S&H, if you find this program useful. As Shareware, Bingo Mathness is restricted to the operation of Addition (Numbers 1 to 4). You can register by Phone, Fax , Mail , E-Mail or on Compuserve (**GO SWREG ID # 14128**)

Education Site License

Nissen Ventures offers a Site Licence of \$ 100.00 to all Educators. The Site License permits the licensee to install Bingo Mathness on all computers at the Educators License Site. To register a Site License on Compuserve, **GO SWREG ID # 14128**. Order Five (5) copies and send e-mail letting us know that you have registered a site licence.

How to use Bingo Mathness

Bingo Mathness is a simple and easy to use program with mouse control. To change game style click on the menu button.

To Start, click on **LET'S PLAY** , a random answer will be pick from the master bingo list. Using your mouse click on the right answer, if playing the computer, your card is the top card. Only one answer is permitted per card as there may be more than one correct equation that matches the answer. The game will progress while a answer is available, errors are counted but have no result on the bingo. When stuck, click on the Question Button to reveal that correct answer in yellow. In player and computer mode a Bingo is automatically revealed. Bingo's are counted by the Circled B to the left of the Card.

Menu Button.

The menu screen provides several options to choose from. **Select Math operation**, Addition, Subtraction, Division or Multiplication. Each operation has their own number range to choose from by moving the slider control. **Select your type of bingo Game**, One Two Line or Black out. **Select game style**, Play with a friend or Against the Computer or play in group mode on paper only.(The numbers called are then displayed very large for all to see. When a bingo is called, click on the word bingo above the master sheet to the right of screen.). **To print Bingo cards**, click on the button "Print 1 Bingo card ", move the slider below to increase the number of card to be printed (1 to 100).

Question Button

Can not find the Answer, this will display the answer in yellow.
