## What Smart Kids Know about Strangers

Suggested Retail Price: \$14.95

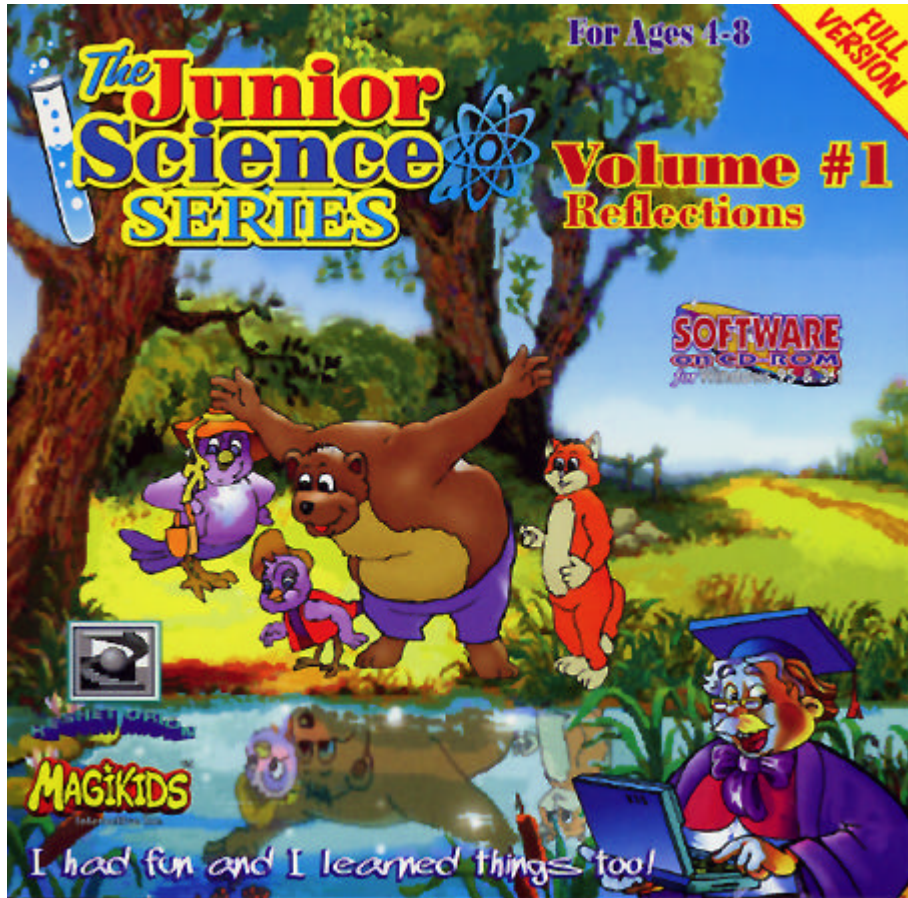

Software USA Member Price: \$ 9.95

Most people in the world are friendly and kind, but a small number of people are wicked and cruel. Because of these few bad people, smart kids need to be careful around all strangers. Never talk to strangers, never walk alone, and never, ever get into a car with a stranger. Smart kids need to make sure they play in safe places and know where to go for help. Staying safe from strangers is an important part of being a smart kid!

## The Junior Science Series: Volume #1 – Reflections

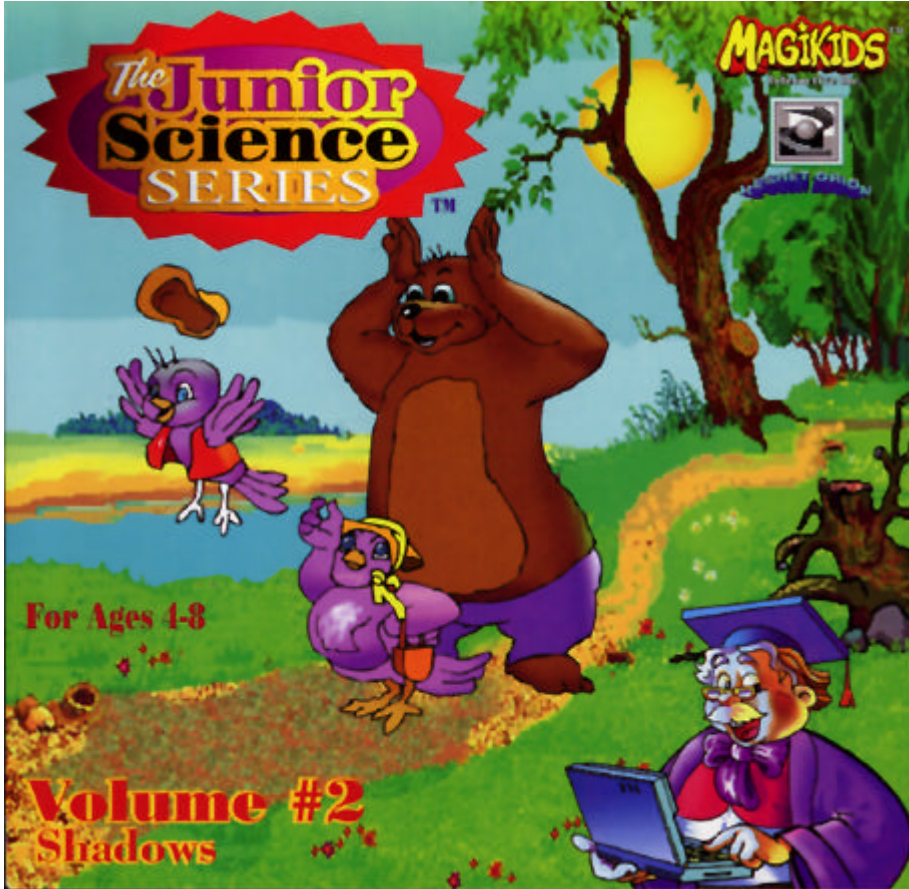

Suggested Retail Price: \$14.95

Software USA Member Price: \$ 9.95

In this educational bonanza, your children get to take a closer look at themselves in the mirror and see just who they are and how their reflection comes to be. Through the animated stories of the Birds and Big Bear, your child will see how light reflects and how mirrors work. There are also some good tips on what to do if you are out in the sun. You can listen to The Wise Man teach science or help Big Bear find his winter sleeping spot.

## The Junior Science Series: Volume #2 – Shadows

Suggested Retail Price: \$14.95

Software USA Member Price: \$ 9.95

Peter Pan couldn't find his shadow because it had run away from him, but of course in the real world, this doesn't happen. With the help of Mama and Baby Bird, along with Mr. Bear, your child will learn not only why, but how shadows are created. With the lessons of The Wise Man, children will be able to help Mr. Bear get rid of a scary monster. Help your children have fun learning about the world around them with All About Shadows.

## The Junior Science Series: Volume #3 – Directions

Suggested Retail Price: \$14.95

Software USA Member Price: \$ 9.95

It's good for them to know where they're going and what direction to take in life. It's so easy to get lost in the wide world out there. All About Directions teaches your child using Cat's and Rooster's adventures, racing through the birdies trying to catch the elusive sunbeam. The Wise Man will tell them why things are the way they are, giving simple yet scientific explanations that will help your child understand. You can take a break and play hide and seek with baby bird, but don't be fooled.

## The Junior Science Series: Volume #4 – Distance

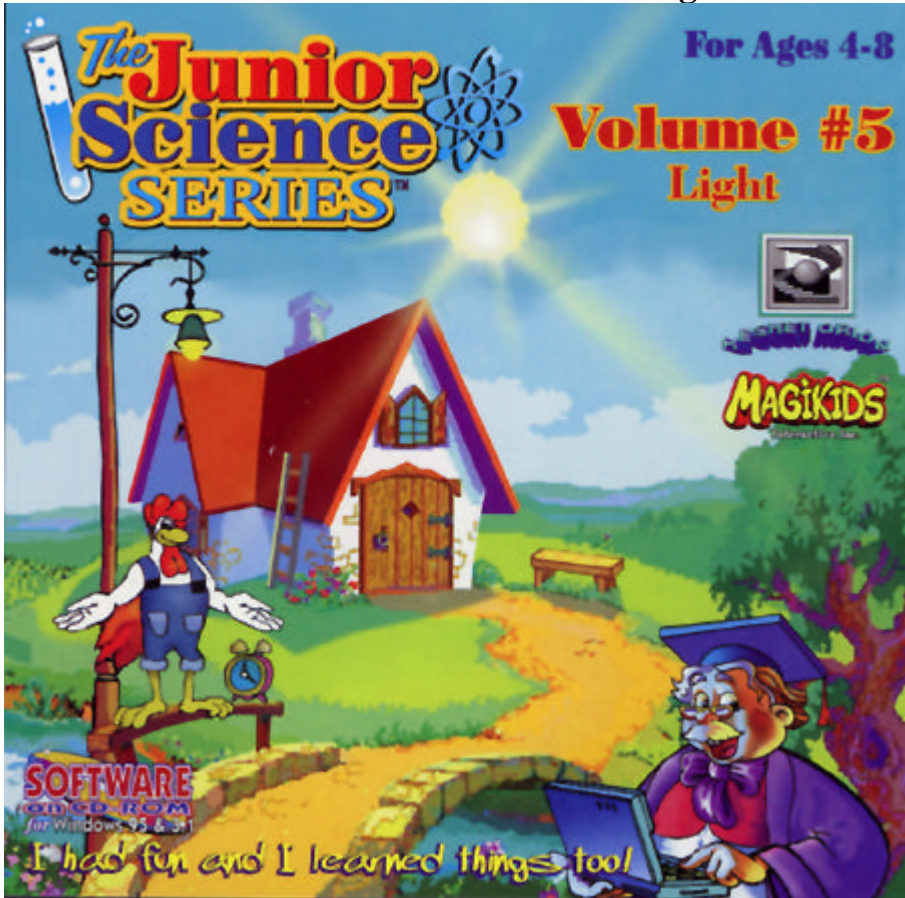

Suggested Retail Price: \$14.95

Software USA Member Price: \$ 9.95

This educational teaching program helps your child understand the concept of distance with the story of Cat trying to catch the sun, and Cat's and Rooster's adventure in the sky balloon. Using this animated learning experience your child will learn about near and far. With The Wise Man they watch educational movies that teach them the scientific ideas behind what they have seen in this educational program.

## The Junior Science Series: Volume #5 – Light

Suggested Retail Price: \$14.95

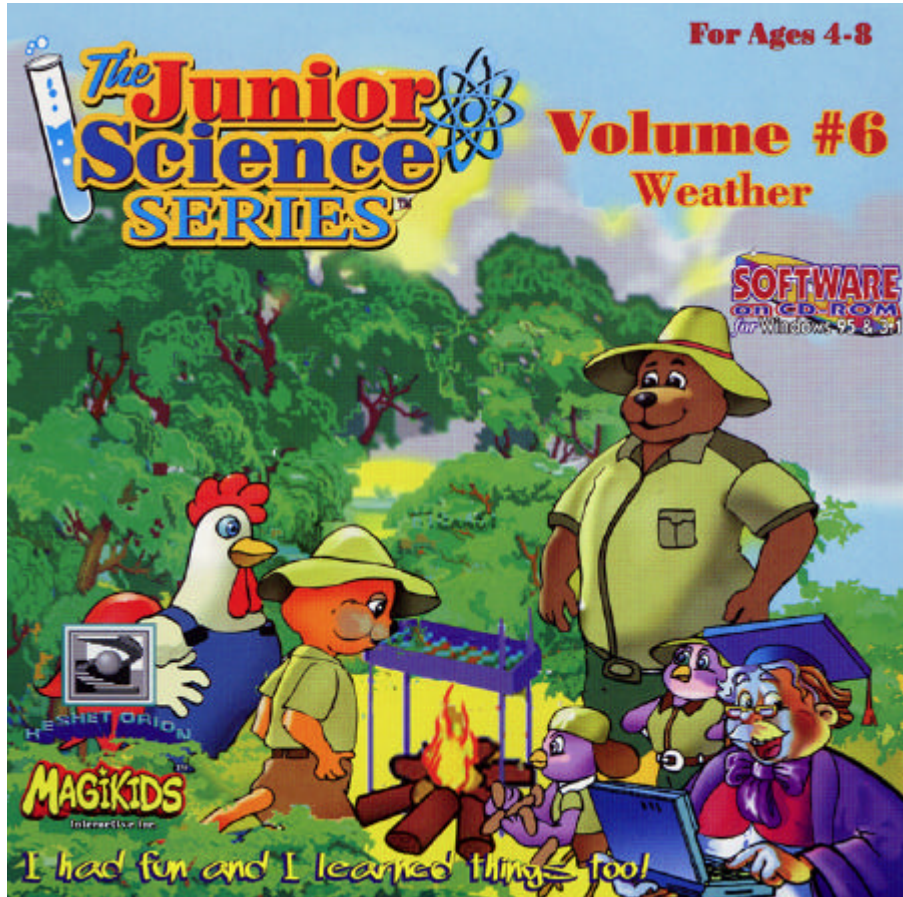

Software USA Member Price: \$ 9.95

Light, it helps us see and keeps us warm, but how? That's what this education software is designed to teach. Through the use of animation and movies, All About Light will teach your child about how light interacts around us. With The Wise Man, your child will learn about bending light, reflections and how light passes through transparent objects, all in a way they will easily understand and have fun learning. For a change of pace they can take their new knowledge and apply it in helping Rooster wake up Cat. Will they see the Light?

## The Junior Science Series: Volume #6 – Weather

Suggested Retail Price: \$14.95

Software USA Member Price: \$ 9.95

Join Mr. Bear, the Bird Family, Rooster and Cat on their excursion in the woods and at Dog's house. Here your kids will learn different aspects and interesting facts about the weather. In this educational software, there are different media that your child can learn from. The interactive animations or Wise Man's movies will put the point across in a scientific yet simple manner. Children can take a break and try out one of the educational games that let them have fun while thinking out solutions.
