

The Junior Science Series Volume #3 - Directions

It's good for them to know where they're going and what direction to take in life. It's so easy to get lost in the wide world out there. All About Directions teaches your child using Cat's and Rooster's adventures, racing through the birdies trying to catch the elusive sunbeam. The Wise Man will tell them why things are the way they are, giving simple yet scientific explanations that will help your child understand. You can take a break and play hide and seek with baby bird, but don't be fooled. Every time your child uses this game, it's a learning experience, but what makes it great is that it's a FUN learning experience too.
