

## Quake 3 Arena

v1.07 Patch

### COMPANY

[id Software](#)

### Size

1.62 MB

### ADDED

7/20/99

- the ; key now remains bound (for all you lefties)
- the timescale exploit has been plugged
- LAN servers display properly
- IPX is working
- the enabling cheat exploit has been fixed
- CPU time for servers should be nicer
- an exploit in the tourney map has been filled
- joystick support
