Customer Service
Visicom Media Inc.
6200, Taschereau Blvd, #304
Brossard, QC
Canada
J4W 3J8
phone: (450) 672-0401
Fax: (450) 672-9586

III. HOW TO GET SUPPORT ON ACEHTML

For questions and problems using AceHTML, please refer to the support section of our Web site:

<http://software.visicommedia.com/en/support/>

IV. SYSTEM REQUIREMENTS

Following are the minimum system requirements you need to install and run AceHTML:

- 1 Pentium based processor.
- 2 Operating system: Windows 98, ME, 2000, XP or NT4 (SP5 or better).
- 3 Internet Explorer 5.00 or better.
- 4 64MB (128MB for Windows NT or 2000).

V. AVAILABLE RESOURCES

- 5 AceFTP: Extreme Flexibility for Internet File Transfers

<http://softwares.visicommedia.com/en/products/aceftp/>

- 6 GOgraph, Your Ultimate Source of Web Graphics:

<http://www.gograph.com/>

VI. THIRD PARTIES SUPPORT

- 7 Third party help files

Other help files can be associated to AceHTML to replace the existing references. A list of help files needs to be included in a file named **"help.ini"** in the subfolder /help

[HELPPFILES]

```
HTML= [URL | PATH TO .CHM | PATH TO .HLP]
PHP= [URL | PATH TO .CHM | PATH TO .HLP]
ASP= [URL | PATH TO .CHM | PATH TO .HLP]
CSS= [URL | PATH TO .CHM | PATH TO .HLP]
JS= [URL | PATH TO .CHM | PATH TO .HLP]
```

;That section is to use only for html to pass the F1 parameter

```
[KWFILES]
HTML= [URL?kw=%s]
PHP= [URL?kw=%s]
ASP= [URL?kw=%s]
CSS= [URL?kw=%s]
JS= [URL?kw=%s]
```

e.g.

```
[HELFILES]
HTML=c:\program files\Visicom Media\AceHTML 6 Pro\help\myhtmlhelp.hlp
PHP=c:\program files\Visicom Media\AceHTML 6 Pro\help\phphelp.chm
JS=http://www.visicommedia.com/javascript.html
```

```
[KWFILES]
JS=http://www.visicommedia.com/javascript.html?kw=%s
```

- 8 The URL in the about can be changed for distribution partners. A file named "**about.ini**" must be located in the AceHTML root folder.

```
[ABOUT]
HOSTURL=[URL]
```

e.g.

```
[ABOUT]
HOSTURL=http://www.visicommedia.com
```

VII. SEND US YOUR COMMENTS
