SpaceMaker for Windows

(shareware edition)

Version 1.60

We at Copernicus Software International believe that the SpaceMaker for Windows and the SpaceMaker Plus for Windows are products meeting the highest standards of excellence in design and software craftsmanship. We hope that you agree!

As an additional benefit to you, SpaceMaker for Windows has been released as Shareware, so that you can try out the software on your system to see if it meets your needs "before you buy." If you make the determination that you would like SpaceMaker for Windows to become a part of your shareware library, you should take responsibility to pay for the product by registering it.

Registration Benefits:

- Low cost upgrades to the SpaceMaker Plus with additional features: search for the largest, oldest and newest files, multiple drive search, drag and drop capability, and more...
- Receive latest version on disk
- Discounts on new releases/upgrades
- Total Customer Satisfaction guarantee
- Thirty (30) day money back guarantee

When you register SpaceMaker for Windows you will receive a diskette containing the latest version of the product. We are continually improving and releasing new versions of our programs so it is quite likely that your registered version will be a more recent version than the one you currently have.

We will include your name on our mailing list, so that you will receive information on upgrades and new products from Copernicus Software International.

We strive for Total Customer Satisfaction and will happily refund your money, if our product does not live up to its promise.

To register please print a registration form provided in the program help file under **Help|How to Register** menu item, and send it along with your certified check or money order to:

Copernicus Software International
Box 2354, 349 W.Georgia Street
Vancouver, B.C.
