

ClarisWorks 5.0

Powerful productivity software
designed for home, education, and business

Key features

- New interface puts more power at your fingertips
- Share files created in other applications using enhanced ClarisWorks translators
- Get a head start on your projects using your choice of over 100 customizable forms for home, education, and business needs
- Create one-click links to the World Wide Web in ClarisWorks documents

What makes ClarisWorks software your *all-in-one* choice for home, education, and business? First, it does everything you do—easily. Like letters, reports, budgets, name and address lists, presentations, proposals, homework, flyers, mailing labels—and much more.

Second, the all-in-one design of ClarisWorks gives you unparalleled power. Its word

processing, spreadsheet, database, painting, and graphics modules are completely integrated, so you learn just one program, not half a dozen separate ones. ClarisWorks 5.0 can help you get your office up and running, and productive—in minutes, not days or weeks. You'll especially like the way it easily combines words, graphs, tables, images, and video on a single page. You can even link to URLs from within ClarisWorks documents* and save your files in HTML format!

Third, ClarisWorks speeds you through every task via its Button Bar control center. One click is all it takes to access expert ClarisWorks assistants that guide you through complex jobs like newsletter or calendar creation. Another click and you can launch other applications, or access more than 150 shortcuts. Even create your own custom buttons to launch documents, macros, and URLs.

And then there's the extraordinarily lean, compact design of ClarisWorks. Lightning fast and efficient, it conserves disk space and battery life, making ClarisWorks the perfect choice for laptops.

Designed for

Features

Benefits

All-in-one Design, Unparalleled Strength

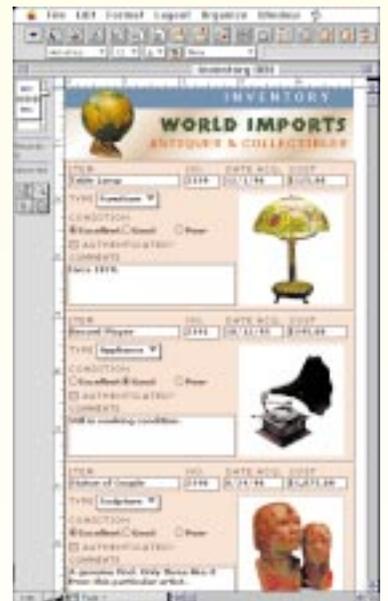

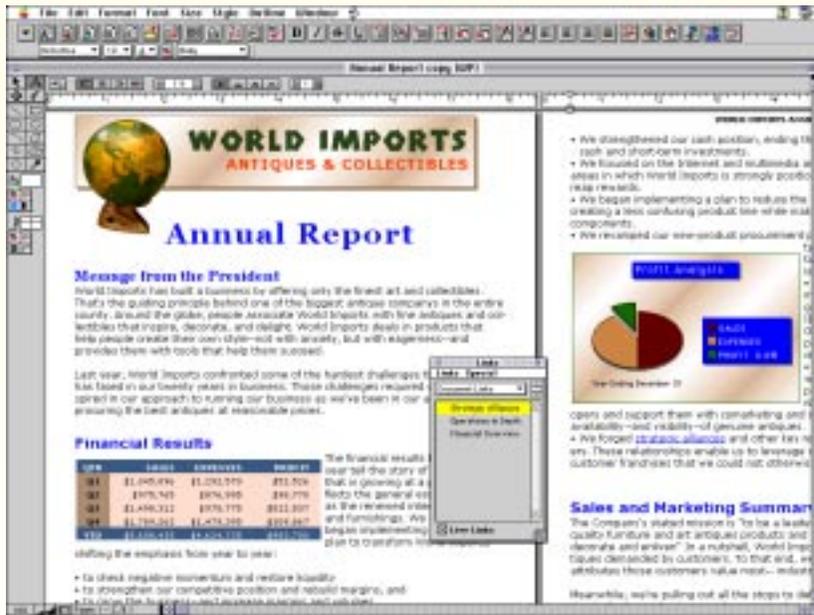

- All-in-one Integration** Combine text, graphics, tables, charts, and even video on the same page—all with this one compact application.
- Button Bar** Work more productively with the versatile center for all your everyday tasks. Shortcuts, URLs, and launching other applications are only a click away.
- Internet Support*** Embed URL links in ClarisWorks documents for quick access to World Wide Web sites. Automatically convert all your ClarisWorks word processing files to HTML for Internet and intranet use.
- Document Exchange** Open either Windows or Mac OS versions of ClarisWorks documents—without translation. Open documents created in many popular software programs from Microsoft, Corel, and Lotus, and save ClarisWorks documents for use with these same programs.
- Slide Show Presentations** Create and deliver professional slide show presentations on screen with master backgrounds and video movies.
- Ultracompact and Speedy Performance** Moderate disk and memory requirements make ClarisWorks perfect for even modestly configured desktop and notebook computers.

Features

Benefits

Powerful Word Processing for Professional-looking Results

- Versatile Section Formatting and Layout** Format complex documents like reports and term papers with sections—each with its own column formatting, headers and footers, page numbering, left/right facing pages, automatic text wrap, and more.
- Document Linking** Link quickly to key information within a document, to another ClarisWorks document, or to the Internet.*
- Writing Tools** Access information you need to help you write correctly with 110,000-word spelling checker, 660,000-word thesaurus, style-sheets, built-in hyphenation, and word counter.
- Integrated Outlining** Organize documents quickly with pre-defined outline styles or create your own.
- Mail-merge with Database** Personalize form letters and mailings directly from your database. Preview before you print.
- Automatic Footnotes** Easily create footnotes or endnotes. The Footnote Assistant prompts you for needed information and automatically formats footnotes.
- Multilingual Documents** Integrate Japanese, Chinese, and other text into your documents on Mac OS—based computers through WorldScript II support (language kit from Apple required).

Powerful productivity designed

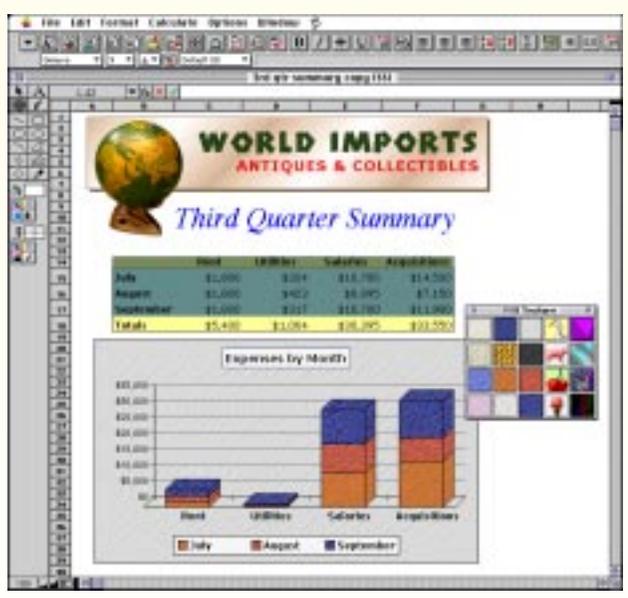

Features	Benefits
----------	----------

Spreadsheet and Charting Tools Bring Numbers to Life

100 Built-in Functions	Analyze data using the built-in mathematical, statistical, financial, date, time, logic, and text functions.
Dazzling Charts	Communicate information more effectively using 12 chart types, including bar, pie, line, and hi-low close charts. Change fonts and adjust orientation, size, colors, patterns, 3-D effects, and more to illustrate your point.
Instant Tables	Use the Table Assistant to create a table in ClarisWorks word processing and drawing documents, formatted to your exact specifications. Then pick from a predefined Table ExpressStyle to highlight data.

Colorful Graphics Highlight Your Message

Clip Art Libraries	Select from over 45 drag-and-drop clip art libraries (with over 875 pieces of clip art in all) to illustrate your work in any ClarisWorks document. Store, sort, and organize your own images by creating custom libraries.
Comprehensive Graphics Tools	Create graphics instantly with tools for lines, ovals, rectangles, beziers, and more. Select from 60 fill patterns, up to 256 colors, 160 gradient fills, and 120 textures or create your own. Produce precise graphics using smoothing, reshaping, and free rotation.
Full-color Painting	Edit scanned images and add color effects with special paintbrush, paint bucket, spray can tools, and more.

Features	Benefits
----------	----------

Easy Database Management and Reporting

FastReport Capabilities	Save frequent searches, sorts, and reports to instantly access, display, and print precisely the data you want.
Visual Reports and Automatic List View	Use graphics tools to lay out data exactly the way you want it to appear. View and edit all your data in row and column format from a single screen. Move and expand columns as necessary.
Mailing Labels	Use the Mail Label Assistant to effortlessly generate labels in over 50 predefined Avery formats.
Automatic Field Entry	Speed data entry and ensure accuracy with pop-up and Verification menus, scrolling lists, checkboxes, radio buttons, and more.

Expert Assistance and Time-saving Automation

ClarisWorks Assistants Templates	Assistants guide you through multistep and tasks like creating certificates, designing a newsletter, and tracking your finances. Customize over 100 templates to create mailing labels, fax cover sheets, inventory records, and more.
Universal ExpressStyle Capabilities	Format virtually anything from text, paragraphs, outlines, tables, and graphics using a single palette with predefined styles.
Contextual Help	When you need fast help on how to do something, ClarisWorks automatically goes to the appropriate place in its online help database from any dialogue.

for home, education, and business

Top Ten Reasons to Get ClarisWorks 5.0

1. Enhanced translators allow you to share files created in other applications, including Microsoft Word 6.0, Microsoft Excel 5.0, and Microsoft Office 97.
2. The updated Button Bar gives you one-touch access to common ClarisWorks 5.0 functions, and can be customized for one-touch access to URLs, web browsers,* applications, and ClarisWorks documents.
3. URL linking lets you access the Internet from within ClarisWorks 5.0,* while hyperlinking lets you connect your ClarisWorks documents to each other.
4. Movie and picture storage capability makes it easy to add multimedia pizzazz to your ClarisWorks 5.0 databases.
5. The updated HTML filter lets you save your ClarisWorks 5.0 documents in a format suitable for publishing on the Internet.
6. Over 100 built-in templates can help save you time and make it easy to create polished, professional-looking documents.
7. User-friendly spreadsheets let you create formulas with easy-to-understand named ranges instead of technical cell references.
8. The new text ruler with page guides makes it easy to align text precisely.
9. Password protection shields your important documents from prying eyes.
10. Contextual help access from any dialog gives you immediate answers when you need them.

ClarisWorks Office

If you need more features, ClarisWorks Office includes the following add-ons to ClarisWorks 5.0 to provide home offices and small business offices with a complete productivity package:
