### Speaker Background:

Bradley Wood is a Senior Member of Technical Staff in the Data Systems Security Department at Sandia National Laboratories, Albuquerque, New Mexico. Brad has an MSECE from the University of Kansas. His experience includes communications system modeling, engineering network development, and information surety assessments for various government and private-sector organizations.

### Company Background:

Sandia National Laboratories is a multi discipline research and development laboratory with locations in Albuquerque, New Mexico, Livermore, California, and others. Sandia is a government-owned, contractor-operated facility that is part of the U.S. Department of Energy's Nuclear Weapons Complex. Sandia is currently operated by a subsidiary of the Lockheed Martin Corporation.
