

THE 1997 RSA DATA SECURITY CONFERENCE

SPEAKER BIOGRAPHY

GENERAL SESSION

Authentication Practices & Market Adoption of
Digital Certificates

Speaker: **Stratton Sclavo**

President and CEO

VeriSign, Inc.

2593 Coast Avenue

Mountain View, CA 94043

Phone: 415-961-7500; Fax: 415-961-7300

Company Background:

VeriSign, the leading provider of digital authentication products and services, provides its consumers with the confidence necessary to conduct electronic commerce, secure communications and corporate data access worldwide. VeriSign's Digital IDs play a key role in ensuring the privacy and authentication of electronic transactions and communications. VeriSign was founded in 1995 as a spin-off of RSA Data Security. The company is working with its investors including Ameritech and Visa International, and partners such as IBM, Netscape, Open Market, and Apple, to open the digital market place to all consumers.

Part 2

From 1994 to 1995, he was Vice President of Worldwide Marketing and Sales for Taligent Inc., a joint venture of Apple, IBM, and Hewlett Packard. Mr. Sclavos served as Vice President of Worldwide Sales and Business Development for GO Corporation, a mobile computing company, from 1992-1993 culminating in the company's eventual sale to AT&T. Prior to that he spent five years at MIPS Computer Systems in various executive positions and as a member of the senior management team during the company's successful IPO in 1989 and subsequent merger with Silicon Graphics Inc. in 1992. Mr Sclavos also held executive positions at Megatest Corporation, a semiconductor equipment firm, from 1982 through 1987. Mr. Sclavos holds a BS in electrical and computer engineering from the University of California, Davis.
